ISANI was fortunate to be matched with LJA for the fiscal year 2022 class of the DRIVE program. As an established DBE/HUB firm in the Houston region, ISANI was able to dedicate resources specifically for TxDOT growth. Several benefits that ISANI has received from the pairing with LJA has been training focused on operations and project

management, industry best practices, strategic planning for TxDOT focused growth, and regular ongoing exchange covering common interests related to TxDOT and other local governments. The relationship between ISANI and LJA has led to teaming opportunities between the pair, which has strengthened the existing relationship between our two firms.

Project Highlights

- FM 1486 Phase 1 Extension from FM 1774 to Jackson Road, Montgomery County Precinct 2**
Serving as Prime Consultant, Montgomery County Precinct 2
Scope of Work: Develop conceptual and geometric schematic, complete environmental assessment, conduct public involvement and develop PS&E.
- Comprehensive Engineering Consultant (CEC) - TxDOT Houston District Subconsultant to Binkley & Barfield | DCCM**
Scope of Work: Provide augmented staff for the Houston District Advanced Project Development section as schematic and environmental project managers.
- I-10 METRORapid Inner Katy Project, Houston METRO Subconsultant to Entech Civil Engineers, Inc.**
Scope of Work: Conduct hydrologic and hydraulic analysis, develop drainage impact analysis reports, perform drainage design, prepare traffic control plans, and perform utility investigation and design.
