

Pre-RFP Meeting – Schematic/Environmental Services – Laredo Outer Loop Questions

1. Are there any preclusions?

Answer: No preclusions are anticipated.

2. Is an EA required for all 3 Segments?

Answer: The type of environmental document has not been determined. However, all 3 segments will require scope and effort for environmental services.

3. Will this presentation be posted online?

Answer: This presentation will be made available and posted on the PEPS Division website.

4. Has it been determined who will be required to attend the interview?

Answer: A determination has not been made as far as who will be required to attend the interview.

5. For the HUB goal, can the be self-fulfilled?

Answer: This will require a DBE goal since it is federal, and Consultants can self-fulfill these requirements and apply toward the total goal.

6. Segment 6 includes the ENV for all the three segments. Does that mean that only the contract for Segment 6 will include ENV services or all three contracts will include ENV services and the overall document will be combined under Segment 6?

Answer: All 3 segments will require scope and effort for environmental services.

7. Have you determined how the Segments will be assigned to the awarded firms?

Answer: Segment 6 is the most comprehensive with highest anticipated cost. Once awards are determined, the Consultant ranked highest will be given the 1st opportunity to choose this segment.

8. Will a Deputy Project Manager (DPM) be part of the team?

Answer: Yes, a DPM will be part of the team.

9. Are there slides 28 and 29?

Answer: Slides 28 and 29 were intended for any clarifications of the southern tie-in of Segment 4. However, Segments 1,2,3 are not part of this procurement.

10. What do you anticipate the length of the contract to be?

Answer: Per the approved BCM, it will be for a duration of 5 years.

11. Will the DPM be part of the interview team?

Answer: The DPM will be part of the interview.

12. Can the DPM have a shared Task Lead (TL) role?

Answer: Yes, the DPM can have a shared TL role.

13. Is the project federally funded?

Answer: Yes, the project is federally funded.

14. Are ramping adjustments assumed on I-35?

Answer: Yes, ramp adjustments are assumed on I-35 and IAJR effort is anticipated.

15. Are the Consultants on Segments 1,2,3 precluded?

Answer: Consultants on Segments 1,2,3 are not precluded.

16. When and where will the presentation be posted online?

Answer: The presentation will be posted on the PEPS Division website soon.

17. Are the CST also involved on the work underway on Segments 1,2,3?

Answer: Segments 1,2,3 are currently under development under an Indefinite Deliverable Contract that did not require a CST from the Laredo District.
