

Summary of Chapter 11 Proposed Changes

The Texas Department of Transportation (department) proposes the repeal of §§11.200-11.221 concerning Transportation Enhancement Program. Those sections provide the policies and procedures for the federal Transportation Enhancement Program (TEP), which has been replaced by the federal Transportation Alternatives Program (TAP). Chapter 11, Subchapter F, Transportation Alternatives Program (§§11.300–11.317), provide the policies and procedures for the administration of TAP. The TEP is no longer funded; therefore, §§11.200-11.221 are unnecessary.
