PROPOSAL BOND – Form N

(Separate Document)

PROPOSAL BOND – Form N

Bond No. _____

KNOW ALL PERSONS BY THESE PRESENTS, that the _____ **[NOTE: insert name of Proposer as the Principal and delete this bracketed text]**, as Principal and _____, as Surety or as Co-Sureties, each a corporation duly organized under the laws of the State indicated on the attached page, having its principal place of business at the address listed on the attached page, in the State indicated on the attached page, and authorized as a surety in the State of Texas, are hereby jointly and severally held and firmly bound unto the Texas Department of Transportation (“TxDOT”), in the sum of \$[#####] (the “Bonded Sum”).

WHEREAS, the Principal is herewith submitting its Proposal to design, [and] construct [and potentially maintain] a portion of the [_____] project in [_____] County through a Design-Build Contract (“DBC”) [and a Capital Maintenance Contract (“CMC”)], which Proposal is incorporated herein by this reference and has been submitted pursuant to TxDOT’s Request for Proposals dated as of [Date] (as amended or supplemented, the “RFP”) in accordance with the Instructions to Proposers, as amended (“ITP”) included in the RFP;

NOW, THEREFORE,

1. The condition of this Proposal Bond is such that, upon occurrence of any of the following events, then this obligation shall be null and void; otherwise it shall remain in full force and effect, and the Bonded Sum will be forfeited to TxDOT as liquidated damages and not as a penalty, upon receipt by Principal and Surety or by Principal and Sureties listed on the attached page (the “Co-Sureties”) of notice of such forfeiture from TxDOT:

- (a) Principal’s receipt of written notice from TxDOT that either (i) no DBC [or CMC] for the Project will be awarded by TxDOT pursuant to the RFP, or (ii) TxDOT has awarded a DBC [and CMC] for the Project, has received the executed DBC[, CMC] and other required documents, and does not intend to award the contract to the Principal; or
- (b) If TxDOT has not previously delivered notice of forfeiture hereunder, failure of TxDOT to conditionally award the DBC [and the CMC] to Principal within 180 days (or 270 days if TxDOT has extended the 180 day period to 270 days pursuant to the terms of the ITP) after the Proposal Due Date.

2. The Principal and the Surety or Co-Sureties hereby agree to pay to TxDOT the full Bonded Sum hereinabove set forth, as liquidated damages and not as a penalty, within ten days after occurrence of any of the following events:

- (a) Principal withdraws, repudiates or otherwise indicates in writing that it will not meet all or any part of its commitments made in its Proposal prior to the time allowed for execution of the DBC [and CMC] under the ITP, as such time may be extended pursuant to ITP Section 4.6.2, without TxDOT’s consent;
- (b) Principal is selected for negotiations and fails to engage in good faith negotiations with TxDOT as set forth in ITP Section 5.11;
- (c) Principal is the apparent best value Proposer and fails to provide the documents required under ITP Sections 6.1 and 6.1.1, unless the failure is directly attributable to TxDOT’s election not to enter into the DBC in the form included in the RFP, following the failure of the parties to agree upon changes to the terms of the DBC pursuant to ITP Section 5.11, or the failure of Principal to

obtain TxDOT's approval of a timely submitted Bidding Capacity Plan meeting the requirements of the ITP pursuant to ITP Section 5.13; or

- (d) Principal is the apparent best value Proposer and fails to deliver the NTP1 Performance Bond and the NTP1 Payment Bond in accordance with Section 3.4 of the DBA General Conditions.

Principal agrees and acknowledges that such liquidated damages are reasonable in order to compensate TxDOT for damages it will incur as a result of Principal's failure to satisfy the obligations under the RFP to which Principal agreed when submitting its Proposal. Such damages include potential harm to the credibility and reputation of TxDOT's transportation improvement program, with policy makers and with the general public, delays to the Project and additional costs of administering this or a new procurement (including engineering, legal, accounting, overhead and other administrative costs). Principal further acknowledges that these damages would be difficult and impracticable to measure and prove, are incapable of accurate measurement because of, among other things, the unique nature of the Project and the efforts required to receive and evaluate proposals for it, and the unavailability of a substitute for those efforts. The amounts of liquidated damages stated herein represent good faith estimates and evaluations as to the actual potential damages that TxDOT would incur as a result of Principal's failure to satisfy the obligations under the RFP to which Principal agreed when submitting its Proposal, and do not constitute a penalty. Principal agrees to such liquidated damages in order to fix and limit Principal's costs and to avoid later Disputes over what amounts of damages are properly chargeable to Principal.

3. The following terms and conditions shall apply with respect to this Proposal Bond:

- (a) This Proposal Bond shall not be subject to forfeiture in the event that TxDOT disqualifies the Proposal based on a determination that it is non-responsive or non-compliant.
- (b) If suit is brought on this Proposal Bond by TxDOT and judgment is recovered, Principal and Surety or Co-Sureties shall pay all costs incurred by TxDOT in bringing such suit, including, without limitation, reasonable attorneys' fees and costs as determined by the court.
- (c) Any extension(s) of the time for award of the DBC [and the CMC] that Principal may grant in accordance with the DBC [and CMC] or otherwise, shall be subject to the reasonable approval of Surety or Co-Sureties.
- d) Correspondence or claims relating to this Proposal Bond should be sent to Surety at the following address:
