

Permanent Prefabricated Pavement Markings

Material Producer List
Materials and Tests Division

Permanent Prefabricated Pavement Markings

The following manufacturers of permanent prefabricated pavement markings have complied with the requirements of DMS-8240, "Permanent Prefabricated Pavement Markings."

The materials listed below are pre-qualified for use when DMS-8240 is referenced. These materials require no further testing before use unless deemed necessary by the Project Engineer or Materials and Tests (MTD). Tex-732-I, "Sampling Prefabricated Pavement Marking Materials," describes the sampling method.

The Department reserves the right to conduct random sampling of pre-qualified, certified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. The MTD reserves the right to test samples to verify compliance with DMS-8240.

For qualification on the MPL contact DMS_Prequal@txdot.gov following the pre-qualification procedure of DMS-8300. For additional information contact the MTD's Coatings, Calibration and Traffic Materials Section at (737)-291-8064.

Type B – Pressure Applied Permanent Prefabricated Pavement Marking Materials

Producer	Contact	Producer Code	Model ¹	Color	Primer Requirements
3M	Sean Simmons ssimmons@mmm.com (512)-969-9725 Brandt A. Cornwall bacornwall@mmm.com (281)-788-1255	99914	A380IES-5, White with Black Contrast Borders	White w/ Black Contrast	With OR Without Primer
			A380IES, White	White	With OR Without Primer
			380AW-5, White with Black Contrast Borders	White w/ Black Contrast	With OR Without Primer
			380AW, White	White	With OR Without Primer
Advanced Traffic Markings	James Schubert jschubert@traffmarking.com (252)-645-9468	99156	ATM 300	White Yellow	With Primer
			ATM 300 Max Vision	White Yellow	With Primer
Brite-Line Industries Inc.	Will Thompson wthompson@brite-line.com (888)-201-6448 x1004	99407	1000-B	Black	With Primer
			Delta-Line XRP	White	With Primer
Swarco Industries Inc.	Michael Jung Michael.jung@swarco.com (931)-623-4293	99593	Director – 60HPT	White Yellow	With OR Without Primer

Type C – Heat Applied Permanent Prefabricated Pavement Marking Materials

Producer	Contact	Producer Code	Model ¹	Color	Surface Requirements
PPG/Ennis-Flint Inc.	Kevin Lowe klowe@ppg.com (989)-600-9528	99079	PreMark XF	White Yellow	No-preheat
			HotTape	White Yellow	Surface preheating required
			Pre-Mark	White Yellow	No-Preheat
Alamo Roadway Materials	Charles Christian chris@alamomaterials.com (832)-627-5028	ARM01	ARM Preform	White Yellow	Surface preheating and primer recommended, but not required
Swarco Industries Inc.	Michael Jung Michael.jung@swarco.com (931)-623-4293	99593	Type C	White Yellow	Surface preheating required
Ozark Materials Inc.	Derron Henderson Derron@ozarkmaterials.net (770)-355-4477	98304	Preformed Thermoplastic	White	No-Preheat
Geveko Markings Inc.	mbrown@gevekomarkings.com (770)-847-9410	97616	Optamark	White	No-Preheat

Producer	Contact	Producer Code	Model ¹	Color	Surface Requirements
Preform LLC	Roxanne Brown rox@preform.us Steve Gallegos steveg@preform.us (346)-459-0217	PREFO	Preform	White Yellow	No-Preheat

Notes

1. All products are approved with or without primer, as shown, for most applications. However, for certain products, specific circumstances or pavement types may warrant a recommendation for or against using a primer, as advised by the manufacturer. These exceptions will be evaluated on a case-by-case basis and may be approved by the Project Engineer and MTD if justified.
