

Paint, One Coat Overcoat

Material Producer List
Materials and Tests Division

Paint, One Coat Overcoat

The following manufacturers of Mastic and Overcoat paints have complied with the requirements of DMS-8105, "Paint, One Coat Overcoat."

The materials listed below are pre-qualified for use when DMS-8105 is referenced. The materials require sampling and testing once per project or as deemed necessary by the Project Engineer or MTD.

The Department reserves the right to conduct random sampling of pre-qualified, certified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. MTD reserves the right to test samples to verify compliance with DMS-8105.

For qualification on the MPL contact DMS_Prequal@txdot.gov following the pre-qualification procedure of DMS-8105. For additional information, contact the MTD's Coatings, Calibration and Traffic Materials Section at (512)-221-4998.
