

# Geogrid for Base / Subgrade Reinforcement

---

## Material Producer List

Materials and Tests Division  
Soils & Aggregates Section  
December 2023

## **Geogrid for Base / Subgrade Reinforcement**

Products listed in Table 1 are pre-qualified in accordance with DMS-6240, "Geogrid for Base / Subgrade Reinforcement." Table 2 presents the suppliers/manufacturers contact phone numbers.

The Department reserves the right to conduct random sampling and testing of pre-qualified materials to verify performance and Specification compliance and to perform random audits of documentation. Department representatives may sample material from the project site and the warehouse.

For more information, contact the Materials and Tests Division/Soils and Aggregates Section at (512) 902-3746.
