Materials Section

Composite Material Posts and Blocks for Metal Beam Guard Fence

The Department reserves the right to conduct random sampling and testing, and visual inspections of materials from approved producers. Department representatives may sample and inspect material at the producer or the project site. Materials and Tests Division's Prefabricated Structural Materials Section (MTD PSTR) reserves the right to test and inspect samples to verify compliance with DMS-7210, "Composite Material Posts and Blocks for Metal Beam Guard Fence."

There are no TxDOT qualified composite material posts for metal beam guard fence (MBGF).

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 993-7117.

Reference
