## Epoxy Applicators for Reinforcing Steel

The following applicators have been pre-approved to furnish epoxy-coated reinforcing steel in accordance with DMS-7330, "Qualification Procedure for Reinforcing Steel Epoxy Coating Applicators," which is referenced in Item 440.

The Department reserves the right to conduct random sampling and testing, and visual inspections of materials from approved applicators. Department representatives may sample and inspect material at the applicator or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 440.

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 993-7117.

NOTE: For uncoated reinforcing steel, refer to the MPL for [Reinforcing Steel Mills](#).
