

Slag Cement

Material Producer List
Materials and Tests Division

Slag Cement

The following materials are qualified in accordance with DMS-4620, "Slag Cement."

The Department reserves the right to conduct random sampling of qualified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, terminal, shipping container, and concrete plant. The Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with DMS-4620.

Slag Cement not on this qualified list must be sampled in accordance with the Department's [*Guide Schedule of Sampling and Testing*](#).

For more information, contact MTD's Rigid Pavements and Concrete Materials Section at (512) 484-6484.

Grade 100 or better
