Precast Trench Drain

NOTE: Refresh the page to view the most current list.

The following products are pre-qualified in accordance with DMS-4370, "Precast Trench Drain."

Use of pre-qualified materials does not relieve the contractor of the responsibility to provide materials that meet the specifications. All material may be inspected or tested at any time. Any material that does not meet the specifications and requirements of the plans will be rejected and removed from the MPL.

For more information, contact the Design Division's Hydraulics Branch at 512/416-2219.
