

Traffic Signal Pole Assembly Fabrication Plants

Material Producer List

Materials and Tests Division-Prefabricated Structural
Materials Section

Prestressed Member Fabrication Plants (Multi-Project)

The Department reserves the right to conduct random sampling and testing and visual inspections of materials from approved fabrication plants. Department representatives may sample and inspect material from the fabrication plant or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 686.

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 993-7117.

Reference

Refer to the Department's *Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges* for information on the following:
