Subject: Participating Agency Involvement and Agency Scoping Meeting Invitation:
North Houston Highway Improvement Project Environmental Impact Statement

Dear Name:

The Federal Highway Administration (FHWA), in cooperation with the Texas Department of Transportation (TxDOT), is initiating an Environmental Impact Statement (EIS) for the North Houston Highway Improvement Project. Please reference the attached documents for a detailed project description with a project area map, and a copy of the project Notice of Intent.

With this letter, we extend to your agency an invitation to become a participating agency with FHWA and TxDOT in the development of the EIS for the proposed project. This designation does not imply that your agency either supports the proposal or has any special expertise with respect to the evaluation of the project.

Pursuant to Section 6002 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), participating agencies are responsible for identifying, as early as possible, any issues of concern regarding the project's potential environmental or socioeconomic impacts that could substantially delay or prevent an agency from granting a permit or other approval that is needed for the project. We suggest your agency's role in the development of the above project should include the following as they relate to your area of expertise:

1. Provide meaningful and early input on defining the proposed project's need and purpose, determining the range of alternatives to be considered, and the methods and level of detail required in alternatives analysis.
2. Participate in coordination meetings and joint field reviews, as appropriate.
3. Timely review and comment on the pre-draft or pre-final environmental documents to reflect the views and concerns of your agency on the adequacy of the document, alternatives considered, and the anticipated impacts and mitigation.

Please respond to TxDOT in writing with an acceptance or denial of the invitation **within 30 days of this letter**. If you have any questions or would like to discuss the project in more detail or agency roles and responsibilities during the preparation of this EIS, please contact me at 713-802-5241, or Ms. Kelly Lark at 713-802-5989.

In addition to this invitation to become a participating agency, you and other federal, state, and local agency representatives are invited to attend a focused meeting for agency discussion regarding the project, prior to the public scoping meeting. The agency scoping meeting will be held as follows:

Monday, November 14, 2011
10:00 a.m. to 12:00 p.m.
TxDOT Houston District, Conference Room 105
7600 Washington Avenue
Houston, Texas 77007

If you cannot attend the agency scoping meeting, please consider sending a representative. If you have any questions regarding this meeting, please contact me or Ms. Kelly Lark.

Scoping meetings for the general public will be held as follows:

Tuesday, November 15 6:00 p.m. – 8:00 p.m. Jefferson Davis High School 1101 Quitman Street Houston, TX 77009	Thursday, November 17 6:00 p.m. – 8:00 p.m. Aldine Senior High School 11101 Airline Drive Houston, TX 77037
--	---

The purpose of the scoping meetings is to provide information about the proposed project and solicit feedback on the draft Project Coordination Plan and the draft Need and Purpose document. The Coordination Plan facilitates and documents TxDOT's and FHWA's interaction with the public and agencies, and informs the public on how coordination will be accomplished. The Need and Purpose document defines the transportation problem to be solved by the proposed project and provides data to support the project purpose. Meeting attendees will also have the opportunity to view project area maps identifying existing conditions and environmental constraints, ask questions of the study team, and discuss their concerns.

Thank you for your participation and interest in this project.

Sincerely,

Pat Henry, P.E.
Director of Project Development

Houston District

Cc: Mr. Gregory S. Punske, P.E., District Engineer, FHWA

Subject: Cooperating Agency Involvement and Agency Scoping Meeting Invitation: North Houston Highway Improvement Project Environmental Impact Statement

Dear Name:

The Federal Highway Administration (FHWA), in cooperation with the Texas Department of Transportation (TxDOT), is initiating an Environmental Impact Statement (EIS) for the North Houston Highway Improvement Project. Please reference the attached documents for a detailed project description with a project area map, and a copy of the project Notice of Intent.

Due to your agency's jurisdiction over areas that may be affected by the proposed project, we are inviting you to become a cooperating agency with the FHWA in the development of the EIS for the proposed project.

If your agency is interested in becoming a cooperating agency for this project, your agency's involvement would entail only those areas under its jurisdiction, and no direct writing or analysis will be necessary for the document's preparation. The following activities are planned to maximize interagency cooperation:

- Coordination meetings,
- Technical study coordination,
- Joint field reviews, and
- Shared project information.

We look forward to your response to this invitation to join the project as a cooperating agency. If you have any questions or would like to discuss the project in more detail or agency roles and responsibilities during the preparation of this EIS, please contact Julia Ragsdale at 512-416-2612 or julia.ragsdale@txdot.gov.

In addition to this invitation to become a cooperating agency, you and other federal agency representatives are invited to attend a focused meeting for agency discussion regarding the project, prior to the public scoping meeting. The federal agency scoping meeting will be held as follows:

Monday, November 14, 2011
2:00 p.m. to 4:00 p.m.
TxDOT Houston District, Conference Room 105
7600 Washington Avenue
Houston, Texas 77007

If you cannot attend the agency scoping meeting, please consider sending a representative. If you have any questions regarding this meeting, please contact Pat Henry at 713-802-5241.

Scoping meetings for the general public will be held as follows:

Tuesday, November 15 6:00 p.m. – 8:00 p.m. Jefferson Davis High School 1101 Quitman Street Houston, TX 77009	Thursday, November 17 6:00 p.m. – 8:00 p.m. Aldine Senior High School 11101 Airline Drive Houston, TX 77037
--	---

The purpose of the scoping meetings is to provide information about the proposed project and solicit feedback on the draft Project Coordination Plan and the draft Need and Purpose document. The Coordination Plan facilitates and documents TxDOT's and FHWA's interaction with the public and agencies, and informs the public on how coordination will be accomplished. The Need and Purpose document defines the transportation problem to be solved by the proposed project and provides data to support the project purpose. Meeting attendees will also have the opportunity to view project area maps identifying existing conditions and environmental constraints, ask questions of the study team, and discuss their concerns.

Thank you for your participation and interest in this project.

Sincerely,

Gregory Punske, P.E.
District Engineer
Federal Highway Administration

Cc: Mark A. Marek, P.E., Interim Director, Environmental Affairs Division, TxDOT
Michael W. Alford, P.E., Interim District Engineer, Houston District, TxDOT

 BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

**Environmental Impact Statement:
 Harris County, Texas**

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Intent (NOI).

SUMMARY: Pursuant to 40 CFR 1508.22 and 43 TAC § 2.5(e)(2), the FHWA and the Texas Department of Transportation (TxDOT) are issuing this notice to advise the public that an environmental impact statement (EIS) will be prepared for the proposed North Houston Highway Improvement Project, in Harris County, Texas. The proposed project and study limits begin at interchange of United States Highway (US) 59 and State Highway (SH) 288 and follow northward along IH 45 to the interchange of IH 45 and Beltway 8 North, a distance of approximately 16 miles. The proposed project area also includes portions of IH 10, IH 610, US 59, SH 288 near the downtown area, and the Hardy Toll Road located north of downtown Houston. The proposed project will be developed in compliance with Section 6002 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) and the National Environmental Policy Act (NEPA).

FOR FURTHER INFORMATION CONTACT: Gregory Punske, P.E., District Engineer, Federal Highway Administration—Texas Division, 300 East 8th Street, Room 826, Austin, Texas 78701. Telephone: 512-536-5960.

SUPPLEMENTARY INFORMATION: The North-Hardy Planning Studies: Alternative Analysis Report (Highway

Component) was completed in November 2005. The report evaluated the alternatives for transportation improvements within the study corridor and recommended a locally preferred alternative to meet the corridor’s highway transportation needs, while minimizing impacts to the surrounding environment.

Projected increases in population and employment in the Houston metropolitan area will contribute to additional IH 45 congestion, which is already serious to severe. The proposed project is needed to address the serious to severe congestion and to accommodate existing and anticipated future traffic. Additionally the project is needed to bring the roadway up to current design standards, which would improve safety and provide for more efficient movement of people and goods. Additional efficiency is also needed to aid in evacuation events. The purpose of the proposed project is to manage the traffic congestion in the IH 45 corridor, improve mobility, provide expanded transit and carpool opportunities, bring the roadway facility up to current design standards to improve safety and operations, and expand capacity for emergency evacuations.

The EIS will evaluate potential impacts from construction as well as routine operations of the proposed project, including, but not limited to the following: Impacts or potential displacements to residents and businesses; impacts to air and noise; impacts to water quality; impacts to waters of the United States; impacts to historic and archeological resources; impacts to hazardous materials; impacts to floodplains; impacts to socio-economic resources (including environmental justice and limited English proficiency populations); indirect impacts; cumulative impacts; impacts to land use; impacts to vegetation; and impacts to wildlife.

A Project Coordination Plan will be provided in accordance with Public Law 109-59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), Title VI, Subsection 6002, Efficient Environmental Reviews for Project Decision Making, August 10, 2005, to facilitate and document the lead agencies, structure interaction with the public and other agencies, and to inform the public and other agencies of how the coordination will be accomplished. The Project Coordination Plan will promote early and continuous involvement from stakeholders, agencies, and the public as well as describe the proposed project, the roles of the agencies and the public, the project need and purpose, schedule, level of detail for alternatives analysis, methods to be used in the environmental analysis, and the proposed process for coordination and communication.

The Project Coordination Plan is designed to be part of a flexible and adaptable process. The Project Coordination Plan will be available for public review, input, and comment at public meetings, including scoping meetings and hearings, held in accordance with the National Environmental Policy Act (NEPA) through the evaluation process. Pursuant to 23 U.S.C. Chapter 1, Subchapter 1, Section 139 of SAFETEA-LU, cooperating agencies, participating agencies and the public will be given an opportunity for input in the development of the project. The first of a series of public scoping meetings, conducted in an open house format, is planned to be held in the fall of 2011. As part of the NEPA process, this meeting will be the first in a series of meetings to solicit public comments throughout the planning process.

A scoping meeting is an opportunity for participating agencies, cooperating agencies and the public to be involved

in defining the need for and purpose of the proposed project, to assist in determining the range of alternatives considered in the draft EIS, and to comment on methods to evaluate alternatives. Public scoping meetings and a public hearing will be held during appropriate phases of the project development process. Public notices will be published in general circulation newspapers in the project area at least 30 days prior to the meeting, and again approximately 10 days prior to the meeting. The notices will be published in English and Spanish stating the date, time, and location of each. The Draft EIS will be available for public and agency review and comment prior to a public hearing.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA at the address provided.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research, Planning, and Construction. The regulations implementing Executive Order 12372, regarding intergovernmental consultation on Federal programs and activities, apply to this program.)

Issued on: October 13, 2011.

Gregory S. Punske,

District Engineer, Austin, Texas.

[FR Doc. 2011-27359 Filed 10-21-11; 8:45 am]

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Highway Project in Wisconsin

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA, Army Corps of Engineers (USACE), and Other Federal Agencies.

SUMMARY: This notice announces actions taken by the FHWA that are final within the meaning of 23 U.S.C. 139(l)(1). The actions relate to a proposed highway project, US 41 (Memorial Drive to County M) in Brown County, Wisconsin. Those actions grant approvals for the project. The project will widen the US 41 freeway mainline from 4 to 6 lanes and add auxiliary lanes at certain locations along US 41 northbound and southbound from

Memorial Drive to County M. The project will also reconstruct I-43 from US 41 to Atkinson Drive and reconstruct the Velp Avenue, I-43, and County M interchanges. The I-43/US 41 interchange will be reconstructed as a System Interchange with directional ramps and will include a realignment of the US 41 mainline, raising of the northbound gradeline, and elimination of existing access between Velp Avenue and I-43 via US 41. The project limits on US 41 extend from Memorial Drive to County M, a distance of approximately 3.5 miles and the project limits on I-43 extend from US 41 to Atkinson Drive, a distance of approximately 2 miles. The project also includes construction of roundabouts, construction of new bridges and replacement of existing bridges.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed within 180 days of publication of this **Federal Register** notice. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT:

Tracey Blankenship, Major Projects Program Manager, Federal Highway Administration, 525 Junction Road Suite 8000, Madison, Wisconsin 53717; *telephone:* (608) 829-7510 or, *e-mail:* Tracey.Blankenship@dot.gov. The FHWA Wisconsin Division's normal office hours are 7 a.m. to 4 p.m. central time. For the Wisconsin Department of Transportation (WisDOT): Danielle Block, PE, Wisconsin Department of Transportation, US 41 Brown County Project Office, 1940 West Mason Street, Green Bay, Wisconsin 54303; *telephone:* (920) 492-2212; *e-mail:* Danielle.Block@dot.wi.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given that FHWA has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing approvals for the following highway project: US 41 (Memorial Drive to County M), Brown County, Wisconsin, Project I.D. 1133-10-01. The project involves providing additional capacity on approximately 3.5 miles of US 41 from Memorial Drive to County M, reconstructing approximately 2 miles of I-43 from US 41 to Atkinson Drive, and reconstructing the Velp Avenue, IH-43, and County M interchanges on US 41. The actions taken by FHWA, and laws under which such actions were taken,

are described in the Final Environmental Impact Statement (FEIS) for the project, approved on July 7, 2011 (FHWA-WI-EIS-11-01-F), in the Record of Decision (ROD) issued on October 4, 2011, and in other documents in the FHWA/WisDOT administrative record for the project. The FEIS, ROD, and other project records are available by contacting FHWA or WisDOT at the addresses provided above.

The FEIS can also be viewed on the project Web site: <http://www.us41wisconsin.gov/overview/special-project-features/envdocsmemorialdrtoCOUNTYM>.

This notice applies to all Federal agency decisions as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to:

1. *General:* National Environmental Policy Act (NEPA) [42 U.S.C. 4321-4351]; Federal-Aid Highway Act (FAHA) [23 U.S.C. 109 and 23 U.S.C. 128].

2. *Air:* Clean Air Act [42 U.S.C. 7401-7671(q)].

3. *Land:* Section 4(f) of the Department of Transportation Act of 1966 [23 U.S.C. 138 and 49 U.S.C. 303], Section 6(f) of the Land and Water Conservation Act as amended [16 U.S.C. 4601], Farmland Protection Policy Act of 1980 [7 U.S.C. 4201-4209], and National Trails System Act [16 U.S.C. 1241-1249].

4. *Wildlife:* Endangered Species Act of 1973 [16 U.S.C. 1531-1543 and Section 1536]; Fish and Wildlife Coordination Act [16 U.S.C. 661-666(c)]; Migratory Bird Treaty Act [16 U.S.C. 760c-760g].

5. *Historic and Cultural Resources:* Section 106 of the National Historic Preservation Act of 1966, as amended [16 U.S.C. 470(f) *et seq.*]; Archeological Resources Protection Act of 1977 [16 U.S.C. 470(aa)-470(ll)]; Archeological and Historic Preservation Act [16 U.S.C. 469-469(c)]; Native American Grave Protection and Repatriation Act [25 U.S.C. 3001 *et seq.*].

6. *Social and Economic:* Civil Rights Act of 1964 [42 U.S.C. 2000(d) *et seq.*]; American Indian Religious Freedom Act [42 U.S.C. 1996]; Americans with Disabilities Act [42 U.S.C. 12101]; Uniform Relocation Assistance and Real Property Acquisition Act of 1970 [42 U.S.C. 4601 *et seq.* as amended by the Uniform Relocation Act Amendments of 1987 [Pub. L. 100-17].

7. *Wetlands and Water Resources:* Clean Water Act (Section 404, Section 401, Section 319) [33 U.S.C. 1251-1376]; Land and Water Conservation Fund [16 U.S.C. 4601-4 to 4601-11]; Safe Drinking Water Act [42 U.S.C. 300(f)-

TRD-201104169
Joanne Wright
Deputy General Counsel
Texas Department of Transportation
Filed: October 3, 2011

Notice of Intent - North Houston Highway Improvement Project, Harris County, Texas

Pursuant to 43 TAC §2.5(e)(2), the Texas Department of Transportation (department), in cooperation with the Federal Highway Administration, is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed transportation project. The limits of the proposed North Houston Highway Improvement Project begin at the interchange of United States Highway (US) 59 and State Highway (SH) 288 and follow northward along IH 45 to the interchange of IH 45 and Beltway 8 North, a distance of approximately 16 miles. The proposed project area also includes portions of IH 10, IH 610, US 59, SH 288 near the downtown Houston area, and the Hardy Toll Road located north of downtown Houston. Projected increases in population and employment in the Houston metropolitan area will contribute to additional IH 45 congestion, which is already serious to severe. The proposed North Houston Highway Improvement Project is needed to add roadway capacity to accommodate existing and anticipated future traffic, and to bring the roadway up to current design standards, which would improve safety and provide for more efficient movement of people and goods. Additional capacity is also needed to aid in evacuation events. The purpose of the proposed North Houston Highway Improvement Project is to create additional roadway capacity to manage congestion, enhance safety, and to improve mobility and operational efficiency.

The EIS will evaluate potential impacts from construction and operation of the project, including, but not limited to, the following: impacts or potential displacements to residents and businesses; detours; air and noise impacts from construction equipment, and operation of the project; water quality impacts from the construction area and from roadway storm water runoff; impacts to waters of the United States; impacts to historic and archeological resources; impacts to floodplains; impacts to hazardous materials; impacts to socio-economic resources (including environmental justice and limited English proficiency populations); indirect impacts; cumulative impacts; impacts to land use; impacts to vegetation; impacts to wildlife; and impacts to aesthetic and visual resources.

North-Hardy Planning Studies: Alternative Analysis Report (Highway Component) prepared for the Metropolitan Transit Authority of Harris County, the department, and the Houston-Galveston Area Council was completed in November 2005. The report evaluated alternatives for transportation improvements within the project corridor. The report determined that even with parallel high-capacity transit and the extension of the Hardy Toll Road to downtown Houston, additional capacity would be needed in the corridor. For the North Houston Highway Improvement Project EIS, the department will consider a reasonable range of alternatives intended to satisfy the identified need and purpose. The alternatives will include the no-build alternative as well as managed lane/tolling alternatives. Managed lanes takes advantage of limited entry and exit opportunities, and may include the possible collection of tolls as means of value pricing. Value pricing means that tolls would change based on peak-hour trips or vehicle occupancy.

The project may require the following approvals by the federal government: Department of the Army permit, and U.S. Coast Guard bridge

permit. The actual approvals required may change after the department completes field surveys and selects the alignment for the project.

A scoping meeting is an opportunity for participating agencies, cooperating agencies and the public to be involved in defining the need and purpose for the proposed project, to assist in determining the range of alternatives for consideration in the draft EIS, and to comment on methodologies to evaluate alternatives. The department will publish notice that scoping meetings will be held. The notice will be published in newspapers of general circulation in the project area at least 30 days prior to the meetings, and again approximately 10 days prior to the meetings.

The department will complete the procedures for public participation and coordination with other agencies as described in one or both the National Environmental Policy Act and state law. In addition to scoping meetings, the department will hold a series of meetings to solicit public comment during the environmental review process. They will be held during appropriate phases of the project development process. Public notices will be given stating the date, time, and location of the meeting or hearing and will be published in English as well as Spanish. Provisions will be made for those with special communication needs, including translation if requested. The department will also send correspondence to federal, state, and local agencies, and to organizations and individuals that have previously expressed or are known to have an interest in the project, that will describe the proposed project and solicit comments. The department invites comments and suggestions from all interested parties to ensure that the full range of issues related to the proposed project are identified and addressed. Comments or questions should be directed to the department at the address set forth below.

The department currently anticipates that the draft EIS will be completed in 2013, and the EIS will be approved in 2016.

Agency Contact: Comments or questions concerning this proposed action and the EIS should be sent to Mark A. Marek, P.E., Interim Director, Environmental Affairs Division, Texas Department of Transportation, 125 East 11th Street, Austin, Texas 78701, (512) 416-2734.

Public Hearing Notice - Statewide Transportation Improvement Program

The Texas Department of Transportation will hold a public hearing on Wednesday, November 9, 2011 at 10:00 a.m. at the Texas Department of Transportation, 200 East Riverside Drive, Room 1A-2, in Austin, Texas to receive public comments on the October 2011 Out of Cycle Revisions to the Statewide Transportation Improvement Program (STIP) for FY 2011-2014. The STIP reflects the federally funded transportation projects in the FY 2011-2014 Transportation Improvement Programs (TIPs) for each Metropolitan Planning Organization (MPO) in the state. The STIP includes both state and federally funded projects for the nonattainment areas of Beaumont, Dallas-Fort Worth, El Paso, and Houston. The STIP also contains information on federally funded projects in rural areas that are not included in any MPO area, and other statewide programs as listed.

Title 23, United States Code, §134 and §135 require each designated MPO and the state, respectively, to develop a TIP and STIP as a condition to securing federal funds for transportation projects under Title 23 or the Federal Transit Act (49 USC §5301, et seq.).

LEGAL NOTICES**PUBLIC SCOPING MEETING NOTICE NORTH HOUSTON HIGHWAY IMPROVEMENT PROJECT ENVIRONMENTAL IMPACT STATEMENT**

The Texas Department of Transportation (TxDOT) in cooperation with the Federal Highway Administration (FHWA) will hold a public scoping meeting regarding an Environmental Impact Statement (EIS) that will be prepared for the proposed North Houston Highway Improvement Project. The limits of the proposed project begin at the interchange of United States Highway (US) 59 and State Highway (SH) 288 and follow northward along Interstate Highway (IH) 45 to the interchange of IH 45 and Beltway 8 North, a distance of approximately 16 miles. The proposed project area also includes portions of IH 10, IH 610, US 59, SH 288 near the downtown Houston area, and the Hardy Toll Road located north of downtown Houston. TxDOT is preparing an EIS in accordance with the National Environmental Policy Act of 1969, to analyze potential direct, indirect, and cumulative effects to the human and natural environment that may occur from the construction and operation of proposed transportation improvements in the project area.

Two identical public scoping meetings will be held in the project area. An open house meeting format will be utilized to allow the public to come and go at their convenience. A short video will be presented regarding the project. Maps of the study area will also be on display. The same information will be presented at each meeting. Project team members will be available to discuss issues and answer questions regarding the proposed project and the EIS process. The public is encouraged to attend either one of the meetings listed below at any time between the hours of 6:00 pm and 8:00 pm. The information presented at this scoping meeting will also be available for public inspection and reproduction at the TxDOT Houston District Office, located at 7600 Washington Avenue, Houston, Texas 77007.

**Tuesday
November 15, 2011

Houston, TX 77009**

**Thursday
November 17, 2011
Aldine Senior High School
11101 Airline Drive
Houston, TX 77037**

The purpose of this meeting is to inform the public of the proposed project and solicit feedback on the draft Project Coordination Plan and the draft Need and Purpose document. The Coordination Plan facilitates and documents TxDOT and FHWA's interaction with the public and agencies, and informs the public on how coordination will be accomplished. The Need and Purpose document defines the transportation problem to be solved by the proposed project and provides data to support the project purpose. The public will also have the opportunity to view project area maps identifying existing conditions and environmental constraints, ask questions of the study team and discuss their concerns.

The public will be given the opportunity to provide written comments on the proposed project during and after the meeting. Comments received by Tuesday, November 29, 2011, will be included in the official EIS public record.

If you are unable to attend the public scoping meeting, you may view project information and submit comments on the North Houston Highway Improvement Project website www.I45NorthandMore.com or comments can be mailed to the Director of Project Development, Texas Department of Transportation, P.O. Box 1386, Houston, Texas 77251-1386. You may also email comments to the address: HOU-piowebmail@txdot.gov.

Your participation is encouraged in this important step of the EIS process. We appreciate your interest in the proposed project and hope you will attend this first public scoping meeting. All exhibits and project handouts will be presented in English;

Spanish-speaking project team members will be in attendance. Persons interested in attending the public meeting who have special communication or accommodation needs are encouraged to contact TxDOT's District Public Information Office at (713) 802-5072 by Tuesday, November 8, 2011. TxDOT will make every reasonable effort to accommodate special needs. For more information regarding the North Houston Highway Improvement Project EIS, please visit the project website www.I45NorthandMore.com.

LEGALES

REUNIÓN DE ALCANCE PÚBLICO PROYECTO PARA MEJORÍAS DE LA CARRETERA DEL NORTE DE HOUSTON INFORME DE IMPACTO AMBIENTAL

El Departamento de Transporte de Texas (TxDOT), en asociación con la Administración Federal de Carreteras (FHWA por sus siglas en inglés), tendrá una reunión de alcance público acerca del Informe de Impacto Ambiental (EIS por sus siglas en inglés) que será preparado para el proyecto propuesto para mejoras de la carretera IH 45 Norte en Houston. Los límites del proyecto propuesto comienzan en el intercambio con la carretera de Los Estados Unidos 59 (US 59 por sus siglas en inglés) y la carretera Estatal 288 (SH 288 por sus siglas en inglés) y seguirá hacia el norte a lo largo de la carretera Interestatal 45 (IH 45 por sus siglas en inglés) hasta el intercambio de IH 45 y Circunvalación 8 Norte (o Beltway 8 North en Inglés), una distancia de aproximadamente 16 millas. La área propuesta para el proyecto incluye porciones de IH 10, IH 610, US 59, SH 288 cerca del área central de Houston, y la carretera de Peaje Hardy (Hardy Toll Road en Inglés). TxDOT preparará un EIS de acuerdo con la ley nacional sobre Política Ambiental (National Environmental Policy Act, [NEPA] por su traducción y siglas en inglés) de 1969, para analizar los efectos directo, indirecto, y acumulativo a los ambientes humano y natural que pueden ocurrir de la construcción y operación de las mejoras propuestas de transportación en el área del proyecto.

Dos reuniones de alcance público idénticas se llevara acabo en la área del proyecto. El formato de exposición abierta se usará para la reunión para dejar el público ir y venir a su conveniencia. Un video breve se va a presentar acerca del proyecto. Mapas del área de estudio también serán expuestos. La misma información se va a presentar en cada reunión. Miembros del equipo del proyecto serán disponibles para responder a preguntas acerca del proyecto propuesto y el proceso del EIS. Se invita al público a asistir cualquiera de las dos reuniones enumeradas abajo en cualquier tiempo entre las horas de 6:00 PM y 8:00 PM. La información presentada en esta reunión será disponible al público para revisar y para reproducción en la oficina del Distrito de Houston de TxDOT, ubicado en 7600 Washington Avenue, Houston, Texas 77007.

Martes**15 de noviembre, 2011**

Jefferson Davis
High School

Houston, TX 77009

Jueves

17 de noviembre, 2011
Aldine Senior High School
11101 Airline Drive
Houston, TX 77037

El propósito de la reunión es para informar al público sobre el proyecto propuesto y solicitar respuesta sobre el preliminar plan de coordinación del proyecto y para preparar el preliminar del documento del propósito y necesidad. El plan de coordinación facilita y documenta la interacción de TxDOT y FHWA con el público y agencias, y da informe al público como esta coordinación se cumplirá. El documento del propósito y necesidad defina el problema de transportación que se resuelve por el proyecto propuesto y da los datos que soporta el propósito del proyecto. El público tendrá la oportunidad de ver mapas del área del proyecto que identifican las condiciones existentes y las restricciones del medio ambiente, y hacer preguntas al equipo de estudio y discutir sus preocupaciones. Se dará oportunidad al público para proveer comentarios escritos sobre el proyecto propuesto durante y después de la reunión. Comentarios recibidos hasta el 29 de noviembre serán incluidos en el registro público oficial del EIS.

Si usted no puede asistir una reunión de alcance público, usted podrá ver la información del proyecto y presentar comentarios en el sitio de red Internet del Proyecto Para Mejorías de La Carretera del Norte de Houston ubicado en la dirección www.I45NorthandMore.com o comentarios se pueden enviar por correo a Texas Department of Transportation, P.O. Box 1386, Houston, Texas 77251-1386. También puedes enviar comentarios por correo electrónico a la siguiente dirección: HOU-pioweb@mail@txdot.gov.

Se exige su participación en este importante paso del proceso EIS. Apreciamos su interés en el proyecto propuesto y esperamos que usted asista esta primera reunión de alcance público. Todas las exhibiciones y folletos del proyecto se presentarán en inglés; miembros del equipo del proyecto que hablan español estarán presentes. Personas interesadas en asistir la reunión pública que tienen necesidades especiales de comunicación o acomodación se exigen comunicarse con la Oficina de Información Pública de TxDOT al (713) 802-5072 hasta el martes, 8 de noviembre, 2011. TxDOT hará todo el esfuerzo razonable para acomodar estas necesidades especiales. Para más información acerca del EIS del Proyecto Para Mejorías de La Carretera del Norte de Houston, favor de visitar el sitio de red del proyecto en el Internet ubicado en la dirección www.I45NorthandMore.com.

Open House - North Houston Highway Improvement Project (NHHIP)

Where: Jefferson Davis High School
1101 Quitman
Houston, TX

When: Tuesday, Nov. 15, 2011
6 p.m. - 8 p.m.

Purpose: An open house to discuss the Draft Need and Purpose statement and the Draft Agency Coordination and Public Involvement Plan. These documents are part of the upcoming phase of project development for the North Houston Highway Improvement Project (NHHIP).

Description: The North Houston Highway Improvement Project is in the process of evaluating proposed improvements on the following sections of highway:

- IH 45 North from the US 59/SH 288 interchange to Beltway 8 North
- Hardy Toll Road from IH 610 North Loop to Beltway 8 North
- Portions of IH 10, US 59 and SH 288 near downtown Houston.

An open house meeting format will be utilized to allow the public to come and go at their convenience. A short video will be presented regarding the project, and exhibits will include information about the project history, environmental study process, need for the project, and agency coordination and public involvement during the project.

News

The Texas Department of Transportation (TxDOT) is ready to proceed to the next phase of project development for the North Houston Highway Improvement Project (NHHIP). The NHHIP involves evaluation of IH 45 North from the US 59/SH 288 interchange to Beltway 8 North, the Hardy Toll Road from IH 610 North Loop to Beltway 8 North, as well as portions of IH 10, US 59 and SH 288 near downtown Houston.

TxDOT will host two meetings on November 15 & 17, 2011, in order to publicly present and solicit comments on the Draft Need and Purpose statement and the Draft Agency Coordination and Public Involvement Plan for the NHHIP.

The meetings are scheduled as follows:

November 15, 2011, from 6:00 p.m. to 8:00 p.m.
Jefferson Davis High School
1101 Quitman, Houston, 77009

November 17, 2011, from 6:00 p.m. to 8:00 p.m.
Aldine Senior High School
11101 Airline Drive, Houston, 77037

An open house meeting format will be utilized to allow the public to come and go at their convenience. A short video will be presented regarding the project, and exhibits will include information about the project history, environmental study process, need for the project, and agency coordination and public involvement during the project. The same information will be presented at each meeting. The video and exhibits presented at the meetings will be posted on this website after the meetings and available for public review and reproduction at the TxDOT Houston District Office at 7600 Washington Avenue, Houston, Texas 77007.

Comments and/or concerns regarding the NHHIP may be submitted electronically at www.IH45northandmore.com. Click on the [Comment/Contact Us](#) tab located on the home page.

The purpose of this meeting is to inform the public of the proposed project and solicit feedback on the draft Project Coordination Plan and the draft Need and Purpose document. The Coordination Plan facilitates and documents TxDOT and FHWA's interaction with the public and agencies, and informs the public on how coordination will be accomplished. The Need and Purpose document defines the transportation problem to be solved by the proposed project and provides data to support the project purpose. The public will also have the opportunity to view project area maps identifying existing conditions and environmental constraints, ask questions of the study team and discuss their concerns.

The public will be given the opportunity to provide written comments on the proposed project during and after the meeting. Comments received by Monday, December 5, 2011, will be included in the official EIS public record.

If you are unable to attend the public scoping meeting, you may view project information and submit comments on the North Houston Highway Improvement Project website www.I45NorthandMore.com or comments can be mailed to the Director of Project Development, Texas Department of Transportation, P.O. Box 1386, Houston, Texas 77251-1386. You may also email comments to the address: HOU-piowebmail@txdot.gov.

Your participation is encouraged in this important step of the EIS process. We appreciate your interest in the proposed project and hope you will attend this first public scoping meeting. All exhibits and project handouts will be presented in English; Spanish-speaking project team members will be in attendance. Persons interested in attending the public meeting who have special communication or accommodation needs are encouraged to contact TxDOT's District Public Information Office at (713) 802-5072 by Tuesday, November 8, 2011. TxDOT will make every reasonable effort to accommodate special needs. For more information regarding the North Houston Highway Improvement Project EIS, please visit the project website www.I45NorthandMore.com.

NORTH HOUSTON HIGHWAY IMPROVEMENT PROJECT

Project Description

The Federal Highway Administration (FHWA), in cooperation with the Texas Department of Transportation (TxDOT), is initiating an Environmental Impact Statement (EIS) for the North Houston Highway Improvement Project.

The limits of the proposed project begin at the interchange of United States Highway (US) 59 and State Highway (SH) 288 and follow northward along Interstate Highway (IH) 45 to the interchange of IH 45 and Beltway 8 North, a distance of approximately 16 miles. The proposed project area also includes portions of IH 10, IH 610, US 59, SH 288 near the downtown Houston area, and the Hardy Toll Road located north of downtown Houston (Figure 1).

The purpose of the proposed North Houston Highway Improvement Project is to implement an integrated system of transportation improvements that would:

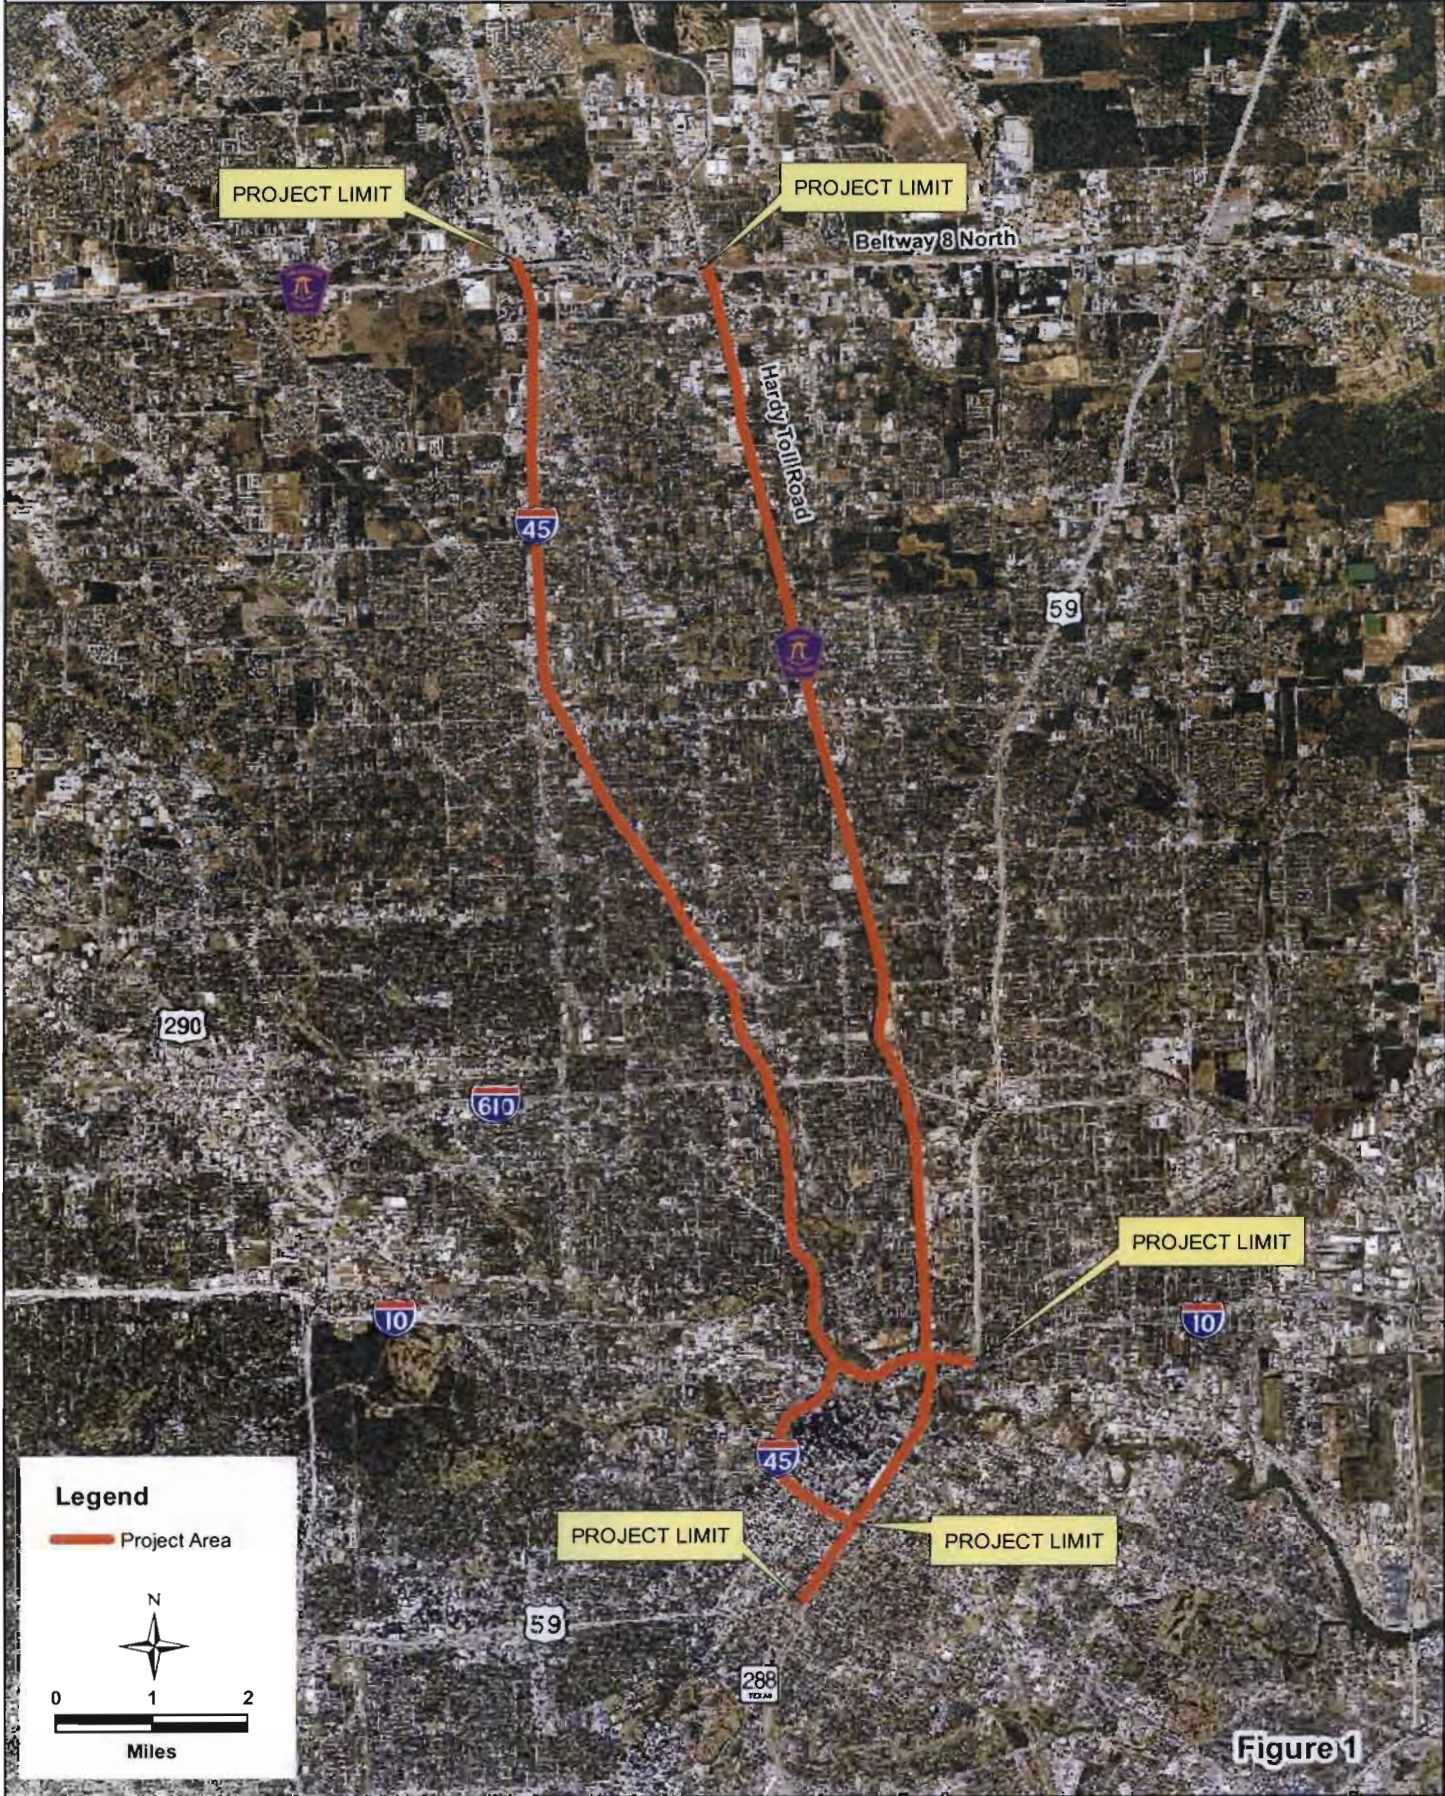

- Manage the traffic congestion in the IH 45 corridor through added capacity, options for Single Occupancy Vehicle (SOV) lanes, and improved operations.
- Improve mobility by increasing peak hour travel speeds by up to 10 mph on IH 45 between US 59 and Beltway 8 North by accommodating projected population growth and latent demand in the corridor.
- Provide expanded transit and carpool opportunities with two-way, all-day service on managed lanes.
- Bring the roadway facility up to current design standards with shoulders and auxiliary lanes to improve safety and operations.
- Expand capacity for emergency evacuations by providing proper design and flexible operation.

The ultimate goal is to provide a facility with additional capacity for projected demand by incorporating transit opportunities, travel demand and management strategies, and flexible operations. Such a facility would help manage congestion, improve mobility, enhance safety, and provide travelers with options to get to their destinations.

The North Houston Highway Improvement Project corridor is a critical corridor connecting downtown Houston and the Greenspoint area in North Houston, and providing links to George Bush Intercontinental Airport, the Texas Medical Center, the University of Houston, and Texas Southern University. The North Houston Highway Improvement Project area also includes the Hardy Toll Road.

For the North Houston Highway Improvement Project EIS, TxDOT will consider a reasonable range of alternatives for detailed study including the no-build alternative. The EIS will identify a recommended alternative, including the number of lanes, roadway configuration, and operational characteristics. Evaluation of the potential impacts from construction and operation of the proposed project will include but not be limited to: impacts or potential displacements to residents and businesses; impacts to air quality; impacts from traffic noise; impacts to water quality; impacts to waters of the United States; impacts to historic and archeological resources; impacts to hazardous materials; impacts to floodplains; impacts to socio-economic resources (including environmental justice and limited English proficiency populations); indirect impacts; cumulative impacts; impacts to land use; impacts to vegetation; and impacts to wildlife.

NORTH HOUSTON HIGHWAY IMPROVEMENT PROJECT

**PUBLIC SCOPING MEETING NOTICE
NORTH HOUSTON HIGHWAY
IMPROVEMENT PROJECT
ENVIRONMENTAL IMPACT STATEMENT**

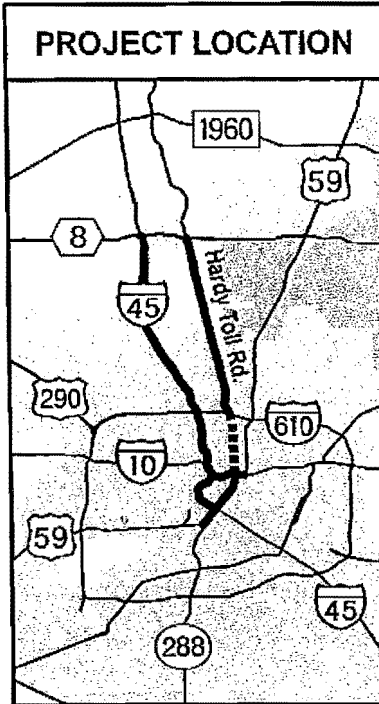

The Texas Department of Transportation (TxDOT) in cooperation with the Federal Highway Administration will hold a public scoping meeting regarding an Environmental Impact Statement that will be prepared for the proposed North Houston Highway Improvement Project. The limits of the proposed project begin at the interchange of US 59 and SH 288 and follow northward along IH 45 to the interchange of IH 45 and Beltway 8 North, a distance of approximately 16 miles. The proposed project area also includes portions of IH 10, IH 610, US 59, SH 288 near the downtown Houston area, and the Hardy Toll Road located north of downtown Houston.

The public is encouraged to attend either one of two identical public scoping meetings, listed below, at any time between the hours of 6:00 and 8:00 pm. After the scoping meetings, the information presented at the meetings will be available for review and reproduction at the TxDOT Houston District Office located at 7600 Washington Avenue, Houston, Texas 77007.

**REUNIÓN DE ALCANCE PÚBLICO
PROYECTO PARA MEJORÍAS
DE LA CARRETERA
DEL NORTE (IH 45) DE HOUSTON
INFORME DE IMPACTO AMBIENTAL**

El Departamento de Transporte de Texas (TxDOT), en asociación con la Administración Federal de Carreteras, tendrá una reunión de alcance público acerca del Informe de Impacto Ambiental que será preparado para el proyecto propuesto para mejoras de la carretera IH 45 Norte en Houston. Los límites del proyecto propuesto comienzan en el intercambio con la carretera de Los Estados Unidos 59 y la carretera Estatal 288 y seguirá hacia el norte a lo largo de la carretera Interestatal 45 hasta el intercambio de IH 45 y Circunvalación 8 Norte, una distancia de aproximadamente 16 millas. La área propuesta para el proyecto incluye porciones de IH 10, IH 610, US 59, SH 288 cerca del área central de Houston, y la carretera de Peaje Hardy.

Se invita al público a asistir cualquiera de las dos reuniones enumeradas abajo en cualquier día entre las horas de 6:00 PM y 8:00 PM. Después de la reunión del alcance público, la información presentada en estas reuniones será disponibles al público para revisar y para reproducción en la oficina del Distrito de Houston de TxDOT, ubicado en 7600 Washington Avenue, Houston, Texas 77007.

The Greater Houston Preservation Alliance is urging Houstonians to comment to the Texas Department of Transportation on proposed road projects on the north side of Houston, including expanding I-45 and the Hardy Toll Road, according to their email and [the I-45 Coalition](#):

Public Scoping meetings on 11/15 & 11/17/11

TxDOT is back! Mark your calendar!!

After several years of the I-45 project being on hold, public meetings are now being scheduled by TxDOT.

- TxDOT is about to significantly change the I-45 project
- TxDOT has provided NO advance information on exactly what the project now covers
- The ONLY way to get information is to attend the public Scoping meetings scheduled:

Tuesday, November 15, 6pm – 8 pm, Jeff Davis High School, 1101 Quitman St.

Thursday, November 17, 6pm – 8 pm, Aldine High School, 11101 Airline Drive

Meetings will be in an ‘Open House’ format, so you can come & go. A short 10-minute video will

be shown regarding the project. There will be informational maps shown & TxDOT will be there to answer questions. Both meetings will be identical.

If you care about your neighborhood; if you are concerned about noise, pollution and your quality of life – YOU MUST ATTEND!

Don't let this behemoth run over our community!!

For more information - please go to <http://www.I-45Coalition.org> & review the pages. You can also sign up to join the email list.

TxDOT has also created a website for this project ~ www.IH45NorthandMore.com

Event Details — Public meeting on the North Houston Highway Improvement Project

Share This

The Texas Department of Transportation (TxDOT) is ready to proceed to the next phase of project development for the North Houston Highway Improvement Project (NHHIP). The NHHIP involves evaluation of IH 45 North from the US 59/SH 288 interchange to Beltway 8 North, the Hardy Toll Road from IH 610 North Loop to Beltway 8 North, as well as portions of IH 10, US 59 and SH 288 near downtown Houston.

TxDOT will host two meetings on November 15 & 17, 2011, in order to publicly present and solicit comments on the Draft Need and Purpose statement and the Draft Agency Coordination and Public Involvement Plan for the NHHIP.

The meetings are scheduled as follows:

November 15, 2011, from 6:00 p.m. to 8:00 p.m.
Jefferson Davis High School
1101 Quitman, Houston, 77009

November 17, 2011, from 6:00 p.m. to 8:00 p.m.
Aldine Senior High School
11101 Airline Drive, Houston, 77037

An open house meeting format will be utilized to allow the public to come and go at their convenience. A short video will be presented regarding the project, and exhibits will include information about the project history, environmental study process, need for the project, and agency coordination and public involvement during the project. The same information will be presented at each meeting. The video and exhibits presented at the meetings will be posted on this website after the meetings and available for public review and reproduction at the TxDOT Houston District Office at 7600 Washington Avenue, Houston, Texas 77007.

Comments and/or concerns regarding the NHHIP may be submitted electronically at www.IH45northandmore.com. Click on the Comment/Contact Us tab located on the [home page](#).

Home in the Heights

A blog about life in the Houston Heights with Martin Hajovsky

 Larger |  Smaller

I-45 plans could impact the Heights

Just in time for the longer nights, and darker days, an old prospect has reared its head, heralding a potential threat to the eastern portion of the Greater Heights.

The [Texas Department of Transportation](#) has announced two public “scoping” meetings to solicit public input on long-delayed plans to widen Interstate 45. TxDOT has dubbed this plan the North Houston Highway Improvement Project and has launched a [website for same](#).

Some background, back in 1998, the Texas Department of Public Transportation announced at a public meeting plans to reconstruct Interstate 45 from Spring to Downtown, and some preliminary plans called for widening it as it passed the [Woodland Heights](#). As everyone who lives over there knows, the freeway goes below the surface over at that stretch, so widening it might just mean the loss of significant parts of the historic neighborhood, specifically the Germantown neighborhood near [Woodland Park](#).

In response, a group of concerned citizens formed the [I-45 Coalition](#) to monitor TxDOT’s plans for I-45 reconstruction between North Loop 610 and Downtown Houston. Over the years, TxDOT has had numerous public meetings on the topic, but plans have been pushed further and further back, with other projects moving up in the pecking order. It had gotten to the point that many in the neighborhood (incorrectly) assumed that the plans were gone forever.

Not so fast. The I-45 Coalition were alerted to a notice of public meeting that appeared in the Chronicle two weeks ago of a pair of public meetings being held by TxDOT. Here is the text of an e-mail sent out by Coalition member [Jim Weston](#)

Hello all ..

After several years of the I-45 project being on hold, public meetings are now being scheduled by TxDOT.

- TxDOT is about to significantly change the I-45 project
- TxDOT has provided NO advance information on exactly what the project now covers
- The ONLY way to get information is to attend the public Scoping meetings scheduled:

Ø Tuesday, November 15, 6pm – 8 pm, Jeff Davis High School, 1101 Quitman St.

Ø Thursday, November 17, 6pm – 8 pm, Aldine High School, 11101 Airline Drive

Meetings will be in an ‘Open House’ format, so you can come & go. A short 10-minute video will be shown regarding the project. There will be informational maps shown & TxDOT will be there to answer questions. Both meetings will be identical.

If you care about your neighborhood; if you are concerned about noise, pollution and your quality of life – YOU MUST ATTEND!

Please *mark your calendars NOW and plan to attend!*

The Coalition's website also provides an update on where the project stands, or at least stood, before these public meetings were announced. Here is that text:

Currently, the project **should** be in the Schematic Design & Environmental Phase. This is the phase where TxDOT determines where exactly they would like to put the 12 lanes of traffic. Four (4) lanes going South, four (4) lanes going North (the main traffic lanes) and the additional 4 Managed Lanes. This phase began in November 2005 and was supposed to take 2 to 3 years and will include several public meetings.

However, in August 2005, Congress passed the SAFE, ACCOUNTABLE, FLEXIBLE, EFFICIENT TRANSPORTATION EQUITY ACT: A LEGACY FOR USERS, known as SAFETEA-LU. This act went into effect in 2006. Due to this act, the Federal Highway Administration (FHWA) issued new requirements TxDOT must now comply with before they can continue on this project. TxDOT must prepare a **new** "Purpose and Need Statement" and "Coordination Plan" before they can do anything regarding I-45. This has temporarily stopped the I-45 process until they get the green light from FHWA. The delay started in 2006 and is still continuing today.

So right now, there simply is no way of knowing, short of attending these meetings, exactly what TxDOT is up to. The project website (www.IH45NorthandMore.com) is mildly illustrative on this point, but leaves open many questions. One thing that is particularly interesting is that nowhere on that site is there mention of the two public meetings, which I find kind of odd.

Weston says the Coalition is as committed to its three core beliefs regarding this project as it was when it formed 13 years ago, namely that any work should contain no expansion beyond the existing right-of-way, that alternative means of transportation must be explored and that there be no negative impact on the neighborhoods' quality of life. The picture to the right here from the Coalition's website illustrates their concerns.

As my old Professor [Char Miller](#) used to say, transportation engineers are not urban planners. When they draw lines, rarely is a neighborhood's integrity or quality of life explored, but instead lines are just drawn on a map. So if the neighborhoods don't get up and stand up, then their concerns are considered as being less important than the technical requirements of the road, bridge or highway under construction. Hence the need to attend at least one of these meetings.

For more information ahead of the meetings, you can also visit the I-45 Coalition website at www.I-45Coalition.org.

Reminder about I-45 meeting tonight

I do have no desire at all to repost past news, or past posts, but I do want to issue a reminder about tonight's scoping meeting regarding what the [Texas Department of Transportation](#) has called the [North Houston Highway Improvement Project](#).

The meeting is set to take place at [Jeff Davis High School](#), 1101 Quitman St., from 6-8 p.m. tonight. A friend who lives close to Davis called the other day and asked me to reassure anyone interested in attending that parking at the school is indeed safe, and not to let any security concerns prevent

you from attending.

For a full rundown on the particulars of this project and what might be on tap this evening, check out last week's post (link [here](#)), or visit the website for the [I-45 Coalition](#), which was formed as far back as 1998, when plans to expand Interstate 45 from Spring to Downtown were first introduced. But if you don't want to click over there, here's a quick rundown.

Back in 1998, the Texas Department of Public Transportation announced at a public meeting plans to reconstruct Interstate 45 from Spring to Downtown, and some preliminary plans called for widening it as it passed the [Woodland Heights](#), where it runs underground. Widening it at that point thus threatens the loss of significant parts of the historic neighborhood of Germantown near [Woodland Park](#).

The project has been mostly theoretical over that time, and seemed to enter a prolonged hibernation in 2006 as TxDOT, due to requirements spelled out in the SAFE, ACCOUNTABLE, FLEXIBLE, EFFICIENT TRANSPORTATION EQUITY ACT: A LEGACY FOR USERS, known as SAFETEA-LU, passed in 2005, had to create a new Need and Purpose Statement (link to that [here](#)) and Agency Coordination and Public Involvement Plan (link to that [here](#)).

Tonight's meeting, the agenda for which Coalition member [Jim Weston](#) says is something of a mystery, though reading those links will give you a good idea what will be covered, will be conducted in an Open House format, with a short 10-minute video being shown and informational maps passed out.

From the Need and Purpose Statement, which argues in favor of expansion to a possible 12- lane I-45 (up from the 8-10 it is now), TxDOT argues the following points:

The purpose of the proposed North Houston Highway Improvement Project is to implement an integrated system of transportation improvements that would:

Reminder: Vital meeting about the I45 expansion TONIGHT!

This is the reminder letter I got from the I45 Coalition today, which highlights some of the big questions. PLEASE attend. We are fighting for our homes!

REMINDER –TxDOT

Public Scoping Meeting is **tonight** at [Jeff Davis High School](#), 1101 Quitman St., 6 pm – 8 pm. Meeting will be in an 'Open House' format, so you can come & go. A short 10-minute video will be shown regarding the project. There will be informational maps shown & TxDOT will be there to answer questions.

IT IS EXTREMELY IMPORTANT THAT YOU ATTEND SO YOU WILL KNOW WHAT TxDOT IS PLANNING TO DO ON I-45! TxDOT wants your input! Please give it to them!! ~ **New updates** ~• TxDOT says that "Acquisition of additional ROW (right-of-way) would be required to construct the proposed improvements"! What are the proposed improvements?? No one knows! [a]

- TxDOT says that along I-45 from I-10 heading north to 610 – additional ROW will likely be needed **at all intersecting streets** with I-45. [b] How far into the neighborhood?
- TxDOT also says that along I-45 from 610 North to Beltway 8 North – more ROW will likely be needed **everywhere – at & between all intersections!** [b] How much bigger? How far into the neighborhood?

At the Public Meeting make sure you get as many answers as you can. If there are *ANY questions* that do not get answered - or - if you do not like the answers, it is **VITAL** that you put your comments ***in writing*** either at the meeting, by email or by postal mail after the meeting but no later than **12/5/11**. Are there concerns or demands that you have? ***Put them in writing!*** Here are some of our concerns and questions:

- TxDOT has already stated they want additional right-of-way to increase the size of the freeway! How much is enough?

- We do NOT want to expand the freeway right-of-way! Do NOT expand into our neighborhoods!
 - We would like reduced congestion but not at the expense of losing our homes!
 - We do NOT want a multi-level freeway above the ground – the noise and pollution will affect our neighborhoods! ... our schools & our children!
 - We want TxDOT to look into other technologies – other than just pouring more & more concrete for more and more lanes. We don't have room for an I-10 on I-45!
 - We do not want our quality of life negatively affected.
 - We do want TxDOT to look into the possibility of building a tunnel to reduce traffic congestion.
 - Where is the funding coming from for this project? Will the lanes have a toll charge?
 - Will the project cause additional flooding in the neighborhood from additional concrete?
 - If detention or retention ponds are needed, will they be created as 'park-ready'? Be sure you put your comments in ***writing*** either at the meeting or via postal mail (Director of Project Development, TxDOT, P.O.Box 1386, Houston TX 77251-1386) or by email (probably the best way) (HOU-piowebmail@txdot.gov). The deadline for comments is **December 5, 2011**. You can get additional information from TxDOT's website at www.IH45NorthandMore.com
- Who is the I-45 Coalition?** We are a grassroots organization of concerned citizens and civic associations from neighborhoods affected by potential I-45 expansion. **Are you on the I-45 Coalition's email list?** We will notify you of all meetings & issues so you stay fully informed. Please go to our [Face Book page](#) and / or www.I-45Coalition.org and sign up. If you care about your neighborhood; if you are concerned about noise, pollution and your quality of life – YOU MUST ATTEND! ***Stay involved ...it is your neiahborhood!***

Heights Happenings: November 9- November 16, 2011

Friday, November 11, 9 PM: Opening night for "My Cold Dead Fingers"

- Grown up puppets perform a new piece by Joel Orr, artistic director of [Bobbindoctrin Puppet Theater](#)
- Bobbindoctrin has been producing original puppet works for Houston since 1995. Bobbindoctrin provides experimental adult puppet performances with low admission prices and gives actors, directors, playwrights, musicians, sculptors, dancers and engineers a much-needed and unique venue for their art while encouraging theatregoers from all economic strata to attend.
- Bobbindoctrin has a history of introducing audiences to new forms of stagecraft using puppet techniques rarely touched upon by conventional theatre groups. Bobbindoctrin incorporates a mix of shadow, rod, hand, string and tabletop puppetry, as well as masks, in any given show. These varied traditions of puppetry are applied to presenting new and original works (not performed or published elsewhere) written explicitly for the puppet stage by local playwrights.

Saturday, November 12, 2 pm- 4 pm: Po'No Ragazzi International Academy Community Meeting

- Po'no Ragazzi International Academy is a new school in the Heights area, located at Shepherd Drive United Methodist Church, 600 South Shepherd.

I-45 again

Nov 17th, 2011

by [Charles Kuffner](#).

I went to the [open house for I-45](#) on Tuesday night to see what was going on, since we didn't have much information about what the current state of TxDOT's thinking is about this. Apparently, there isn't a set plan yet. They're soliciting input and have a five-year timeline before coming to a Record of Decision in 2016 for the project. What that means is that it's important to start giving them feedback now. I would recommend you attend tonight's open house if you didn't make it on Tuesday, and bookmark the [North Houston Highway Improvement Project](#) website, where you can also go to give feedback. That website is still under construction, but there is supposed to be a comment form up there; you can also [send email](#) with your input.

One thing that I gleaned from talking to people, including Viula from [The Heights Life](#): Apparently, TxDOT is saying that they do not intend to acquire any further right of way for the section of I-45 between Quitman and Cavalcade. If you go to the [History](#) section of the NHHIP website, you will see that this comes from the November 2005 final North-Hardy Planning, Alternatives Analysis Report:

As a result of public comments on the Draft report, the Draft Recommended Alternative from Downtown to Beltway 8 was revised. The Final report states:

“It is the goal of TxDOT to remain within the existing right-of-way of IH 45 as improvements to this congested freeway corridor are designed and developed. The existing right-of-way south of IH 610 is limited and multiple design options will need to be explored to remain within the existing right-of-way. Design options could include: reduced shoulder width requirements; reduced or eliminated frontage roads; cantilevered frontage roads, elevated roadway sections, and other creative engineering techniques. These options along with the feasibility to add capacity to the Hardy Toll Road will be thoroughly explored during preliminary engineering and preparation of the environmental document for this project.”

During the approval process for the Final report for the Highway Component, TxDOT agreed to the following project goals when the preliminary design and environmental document preparation phase begins:

- Stay within the existing IH 45 right of way between Quitman St. and Cavalcade St., except at intersections where turn lanes may be needed.
- Minimize effects on quality of life issues of the residents and neighborhoods in the project area.
- Study Hardy Toll Road as an alternative route for additional lanes.
- Evaluate use of tunnels as an alternative in areas of constrained right-of-way.

That's good news for our neighborhood, but still leaves a lot of room for disruption elsewhere. To me, it remains the case that widening I-45 north of downtown is just going to result in bigger traffic jams through downtown on the Pierce Elevated. It also remains the case that there is a fair amount of underutilized capacity on the Hardy Toll Road, and that the eventual [extension of the Hardy](#) into downtown ought to help ease I-45's woes a bit. The TxDOT folks I talked to couldn't really address that as it's not their project, but I note that construction for it is scheduled to start in 2013, meaning it will likely be done before there's a ROD on I-45. Something to keep in mind. There are also freight rail tracks alongside the Hardy that I bet would make for a decent commuter rail line; if you're going to make a comment to TxDOT – and you should – you should emphasize that, since they claim to be open to all possibilities at this point. That also apparently includes [tunneling](#), but I didn't see

Gonzalo Camacho there, so who knows if this is still being pushed by anyone.

Since the [NHHIP website](#) is pretty bare right now, I thought I'd scan the handouts I got and post them here for your perusal:

[TxDOT NHHIP handout, page 1](#)

[TxDOT NHHIP handout, page 2](#)

[TxDOT NHHIP handout, page 3](#)

There was also a lady there representing Germantown, the little historic development nestled in between I-45, Quitman, and Houston Avenue that would have been wiped off the map if the proposal that was once floated to redirect I-45 down Houston Avenue had ever been taken seriously. While I think that was never likely to be considered, the folks in Germantown are taking no chances and are seeking historic designation from the city as an extra layer of defense. Here's her handout:

[Germantown historic designation, page 1](#)

[Germantown historic designation, page 2](#)

Finally, on a related note, a hot idea these days among urbanist types is that cities should consider [dismantling](#) the highways that run through them. [Yglesias](#) explains the basic logic:

[T]he purpose of a highway is to make it easy to travel long distances in short periods of time. But the central fact about cities is that almost by definition they're not far from downtown. When you build a freeway that leads from downtown, through residential areas, out to the suburbs what you're doing is making it easier to get to stuff downtown without living in the city. If you replaced the freeway with a normal at-grade road, suddenly it would make more sense to live closer to downtown. The idea of urban freeway construction was to preserve the vitality of downtown areas at a time when more people wanted to move out to the suburbs. But trying to preserve downtown at the cost of eliminating your residential neighborhood's core advantage — it's easy to get downtown! — was fantastically short-sighted.

That sound you hear is heads exploding all over Texas. While I think this is an idea that deserves a fair amount of serious debate, there's an inescapable fact about the freeways in our fair city, and that's that they are a necessity for hurricane evacuation. As such, there really isn't a case to be made for it here. Personally, I'd be delighted if we could just avoid building more freeways in the middle of nowhere to accommodate people who don't live there yet and instead focused our resources on making it easier and more convenient for those who do live in the urban core to get around without having to use the freeways, thus freeing up more space on them for those who must. That would be a win-win if we ever did it.

I live in Lindale Park and also attended the meeting Tuesday night. Since I live north of Cavalcade (as does all of Lindale Park proper) and less than a mile from 45, I am concerned about the possibility of expansion north of Cavalcade. All I can see in my worried mind is a monstrous, gigantic interchange right there at 45 and 610.

Anyway, I will be submitting my comments asap!

Deadline Monday to comment on I-45 plans

The [Texas Department of Transportation](#) is soliciting comments on their plans to widen Interstate 45, but there's a catch. The deadline for submitting public comments is Monday, Dec. 5.

In an extended e-mail sent out late last week, [I-45 Coalition](#) member [Jim Weston](#) had many recommendations to pass on to community members, starting with reviewing TxDOT's plans from the plan's web site at [www.ih45Northandmore.com](#). On that site, you can find TxDOT's handouts from the two public information meetings held in November, an 8-minute slide

show with audio and without (link to both [here](#)) as well as all of the information displayed at the meetings.

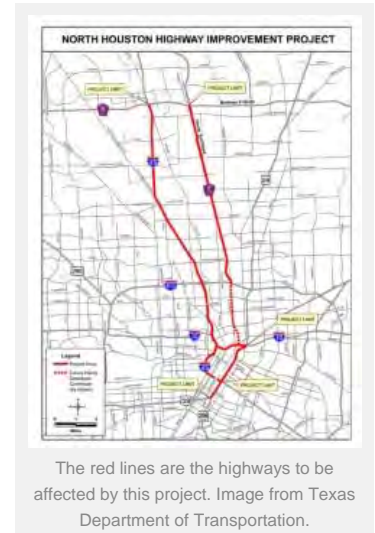

Weston's entire e-mail, which is long but very informative, can be found on the group's Facebook page [here](#). He mentions that TxDOT's stated goals included getting information out to the public as well as soliciting comments. Also, the Need and Purpose statement, which can be found on the [IH45Northandmore.com](#) site includes the agency's goals for the project, which Weston summarizes as:

- Manage traffic congestion by adding capacity (more lanes)
- Expand capacity for emergency evacuations
- Improving mobility by increasing peak travel speeds by up to 10 mph between US-59 & Beltway 8 North
- Bring I-45 up to current design standards (wider lanes, additional shoulders, higher bridges / overpasses)
- Provide 2-way, all day service on managed lanes (toll & HOV lanes)

The key for the coalition, though, is that TxDOT has stated that in order to do this, the agency will need the acquisition of additional right-of-way in some areas, which would mean along the interstate from I-10 all the way to Beltway 8. But, here's what I consider to be the money section of Weston's e-mail (emphasis his):

In November 2005, TxDOT released their North-Hardy Corridor: Highway Alternatives Analysis (also found on TxDOT's web site). In this study, TxDOT recommended having 4 managed lanes (3 more lanes than existing currently) from I-10 to Beltway 8. TxDOT estimated the cost – in 2004 dollars – would be \$2.113 Billion.

According to TxDOT, *after doing the project*, in the year 2025, the peak speeds in the main traffic lanes would *only be 3 mph faster* than if we did not do the project at all !! (an increase from 32 mph to 35 mph [I-10 to 610] and from 27 mph to 30 mph[610 to Beltway 8]) (page ES-13). ***In our opinion, this does not sound like much 'bang for the buck', especially when they are talking more than 2 Billion bucks (in 2004 dollars)!***

After reviewing the documents and slideshow myself, I find it hard to disagree with Weston's assessment or emphasis. Check it out yourself and see if you can find out why an expenditure of over \$2 billion (and that's in 2004 dollars, mind you) is merited to increase average speeds by just 3 mph.

The coalition goes on to list 12 recommendations they would want to see in any construction project, recommendations that include tunnels, exploring alternative means of transport such as commuter rail, extending the Hardy Toll Road to downtown and others. The coalition asks you to feel free to include these points in your e-mail to TxDOT if you desire.

Check out the documents, as well as the recommendations and decide for yourself what you want. My concerns are restricted to the impact this would have on the Woodland Heights and other near-Heights communities. (And that would include both live and dead ones, as if you were to increase the ROW of I-45 at North Main to the east, you run right into Hollywood and Holy Cross cemeteries, the latter where I have family, including my father, buried.)

I have read those recommendations and remain unconvinced that I-45 inside Loop 610 needs any expansion whatsoever. I am also concerned that these decisions are being made with no concern at all extended to the inner city communities that would be affected, those around both I-45 and Hardy Toll Road. How does expanding I-45 and the Hardy help these communities? In no way at all that I can tell. How does it hurt them? By threatening them with reduced quality of life, reduced property values and excision of whole neighborhoods (the Germantown area east of Houston Avenue and north of Woodland Park, not to mention [Woodland Park](#) itself, to name but one example).

Woodland Park. Is its existence threatened by I-45 expansion?

I sympathize with my friends who live in the north who want to reduce their commute to and from downtown, but \$2 billion-plus to increase their speed by, at best, 3 mph? Please. Don't insult my intelligence. Weston points out that the Need and Purpose Statement presents a goal of improving mobility by increasing peak hour travel speeds "by up to 10 mph." However, under this vague and ill-defined goal, an increase of only 1 mph could be claimed as a win.

However you feel, please don't miss the opportunity to record your opinions with TxDOT. Send an e-mail to HOU-piowebmail@txdot.gov and comments@ih45northandmore.com. It's a good idea to do this, even if you

already gave TxDOT comments at the meeting. All comments will become a permanent part of the project and TxDOT says it will research and investigate your ideas. TxDOT will report their findings at their next public meeting, which Weston says will probably be held within the first six months of 2012.

Am I being too harsh on these plans? Is there a perspective I'm missing? Please let me know.

TxDOT studies improvements of I-45, Hardy roadways in future

TxDOT transportation engineers and other staff were present during the Public Meetings held last week, to interact and discuss possible expansion plans for roadways I-45 and Hardy Toll Road

By GILBERT HOFFMAN Northeast News

The community was invited to two public meetings last week, to comment on TxDOT plans to increase the number of lanes between Downtown and Beltway 8, to ease current and future traffic congestion. The project is officially entitled North Houston Highway Improvement Project. The meeting is part of a required EIS (Environmental Impact Study).

Meetings were held at Jeff Davis High School on Tuesday night, and Aldine High School on Thursday night. The purpose of the meetings was to involve the public in the planning process, and to present information about the history of the project, to explain the environmental review process required, to present a possible timeline, and to invite comments on two draft documents available at the meeting and online.

TxDOT showed a 7 minute slide presentation to start, covering the major points in the study. Their premise is that as population and employment in the Houston area increase, they will contribute to additional traffic congestion on IH45, which is currently classified as serious to severe. The proposed project would alleviate this congestion, they said. In addition, work would bring the roadway up to current design standards, improving safety and efficiency. The design would also improve the ability of the roadway to function for evacuation events.

The costs and sources of funding of this work have not been determined. The TxDOT officials said that the study will include alternatives, including a "no-build" alternative as required by federal standards. It will also include managed lane/toll alternatives.

Three previous reports dealt with the problems and solutions in this same transportation corridor. The 2003 Report emphasized transit solutions over highway expansion. The 2004 Report detailed a regional transit plan with aggressive bus service and light rail. The 2005 Report recommended highway expansion, with four "managed" lanes added to the IH45/Hardy Toll Road pair.

Present in the presentation room was Barry Klein, observing the process. Klein is an advocate of NO expansion, saying that TxDOT exaggerates the problem for the purpose of justifying more roadway lanes. He posits that congestion always levels off at optimum levels on existing roads, and drivers find alternatives on their own. TxDOT wants comments submitted from the public by Dec. 5th to be incorporated in the first report. These can be submitted by email to HOU-piowebmail@txdot.gov, and
