NORTH HOUSTON HIGHWAY IMPROVEMENT PROJECT

Scoping Meeting Survey Matrix

First Name	Last Name	Affiliation	Type	COMMENT #	COMMENT Date	FOLLOWED PROJECT				SUPPORT/OPOSE			BEST WAY TO SHARE INFO?								HOW CAN PUBLIC OUTREACH BE IMPROVED?	MOST IMPORTANT NEEDS TO BE ADDRESSED?	MOST IMPORTANT ENVIRONMENTAL CONSIDERATIONS?						TxDOT Response					
						Very Closely	Somewhat Closely	Not Very Closely	Not At All	Support	Oppose	Not Sure	TV	Newspaper	Radio	Internet/Website	Library	Email	Mail	Church/Neighborhood Association			Other	Air Quality	Water Quality	Traffic Noise	Community Resources	Floodplains		Wetlands	Land Use	Other		
Alan	Husak		Individual	E12	12/1/11		x			x			x	x						Communication-More transparency, more frequent updates	Design-Minimizing dislocation and not over designing the project. Data shows 67% of the growth serves "carpetbaggers" from Greenspoint, Spring, Woodlands who ride through, to/from work not impacted by roadwork.									x	Land use plus not accounting for technology advances in future vehicular transport. Planning based on projections of things as they are today and overly optimistic usage.			
Joseph	Tijerina		Individual	M01	11/23/11	x				x			x	x	x					Communication-The freeway lighted signs, precinct judges, billboards & better use of interactive technology for these meetings. The way it is presented put taxpayers as "they are just in the way." Not good image.	Cost-Why does taxpayers have to improve Hardy Toll Rd. Most tollways restrict access to state vehicles & personnel. The answer given is not a very good one that was provided. Why does taxpayers have to pay.										More access for foot traffic. Widen the feeder roads. Most people in the area do not know how to make a proper right or left turn. Make a heavy truck lane between the hours of 7 am to 9 am.			
Unknown			Individual	M02	11/23/11	x							x							Data-I thought it was well done. Lots of advance notice. Very organized. But I felt there was a lot of info - like the feeder roads, missing on maps. A bit of trying to dazzle and distract us from reality.	I understand preparing for the future but when a road or area is maxed out then move/migrate to somewhere else. Don't steam over an original for the sake of publicists.										Noise pollution! I-10 can be heard at all hours of the day. If I45 had to go elevated we wouldn't hear the birds any longer or be able to sleep.			
Marita	Burns		Individual	M06	12/5/11	x				x			x	x	x	x	x	x		Electronic Message Boards along affected areas of freeway	Neighborhoods-Neighborhood integrity and quality of life, pollution and noise protection. Attractiveness of projects important.										Woodland Park and little White Oak Bayou involving City of Houston and Harris County Partners.			
Mary	Hayslip		Individual	M08	12/5/11								x	x	x	x	x	x																
Suzette	Lane		Individual	M09	12/5/11		x						x							Door to door outreach - many of my neighbors are elderly and know nothing of the proposed project	Displacing individuals from their homes is the most important issue. No one should be losing their homes.	x										Traffic noise, air quality - we already live right on the feeder road - so noise is always an issue		
Sue	Schwaller		Individual	M10	12/5/11	x						x	x							More TxDOT employees discussing the project vs consultants	Safety, air quality, noise, alternative transit options	x										Neighborhoods stay totally intact.		
Victoria	Albright		Individual	SM01	11/15/11		x													Fine as is	Evacuation-The only valid reason is evacuation, but I'm not sure that justifies the other environmental concerns. Simply better planning and implementation of evacuation plans is enough.													
Hugo	Alcaraz		Individual	SM02	11/15/11		x													Communication-Better communication	Affected Areas-Affected neighborhoods/Alternate Route via Hardy	x												
Norma	Aviles		Individual	SM03	11/15/11															Communication-Keep us more informed	Communication-Better communication													
Patricia	Aviles		Individual	SM04	11/15/11		x													Data-public information	Affected Areas-affected neighborhoods/Alternate Route Hardy													
JR	Bailey		Individual	SM05	11/15/11		x													N/A	Design-Move traffic. Would like more underpasses and less overpasses. Correct the I-45/610 interchange. No high ramps!!!													
Lorena	Bravo		Individual	SM06	11/15/11															Communication-Giving more information through mail.	Updated information. Also let the information be in Spanish.	x												
Pascual	Bravo		Individual	SM07	11/15/11															Communication-More communication through flyer's. Meetings at nearest school to keep the community updated.	We would like to have an actual plan. Our neighborhood is very historical. Information should also be in Spanish.													
Sarah	Castillo		Individual	SM08	11/15/11	x							x	x	x	x	x	x		Affected Areas-Yard signs in the affected areas. Send emails out to church leaders.	Design-Roadway design within the current r.o.w. not expansion!											Preservation of the neighborhoods along the proposed corridor. Also, encourage a more livable city within the city.		
Dorian	Castro		Individual	SM09	11/15/11	x															Noise-Excessive traffic noise from additional 4 lanes		x											
Peter	Cho		Individual	SM10	11/15/11	x														Data-More info regarding to what you plan to do if "Right of Way" is needed to expand Fwy.	Right-of-Way-How much Right-of-Way is needed?													
Brenda	DeLeon		Individual	SM11	11/15/11															Communication-Better communication with affected neighborhoods	Affected areas-Specific streets affected/Neighborhoods	x											Build on Hardy	
Xavier	DeLeon		Individual	SM12	11/15/11	x														Communication-Better communication	Alternatives-Alternate routes Hardy Toll Rd.													
Carl	Doby		Individual	SM13	11/15/11																Cost-To think long term & consider the environmental & energy costs for the construction & the final cost (total cost involving environmental & out of pocket cost) for the end user. Therefore consider alternatives to encouraging the use of		x											
Linda	Farris		Individual	SM14	11/15/11		x														Use the Hardy toll road-it goes from Spring to downtown already + is greatly underutilized.		x										Quality of life in a beautiful Heights neighborhood	
Benjamin	Garcia		Individual	SM15	11/15/11	x														Communication	Affected areas		x											
Tommy	Hale		Individual	SM16	11/15/11	x														Communication-Contact by civic association.	Affected Areas-The people involved in our area.													
Stephanie	Hrabar		Individual	SM17	11/15/11	x														Handouts-Include Environmental Constraint map in handout	Water-Storm water storage during major storms. Air quality-we live in a "non-attainment" area & noise												Storm water coming in to homes & temporary storage of storm water in underground tunnel along right of way	
James	Khyne		Individual	SM18	11/15/11		x													Meeting Format-Open Discussion/Forum	Property Value-Property value, Noise, Increase Traffic Flow	x												
Myriam	Marin		Individual	SM19	11/15/11		x													Fine as is	Property Value-Noise, Property value, loose of property		x											
Janice	Martinez		Individual	SM20	11/15/11		x													Data-More relevant data. All the data surrounding population growth and traffic congestion was just a sales job.	Neighborhoods-Maintain the integrity of the inner loop communities by not widening the freeway. Keep neighborhoods intact. Stay within current right of way. Consider a tunnel by downtown - Really...do consider it. It can be done.		x

Scoping Meeting Survey Matrix

First Name	Last Name	Affiliation	Type	COMMENT #	COMMENT Date	FOLLOWED PROJECT				SUPPORT/OPOSE			BEST WAY TO SHARE INFO?								HOW CAN PUBLIC OUTREACH BE IMPROVED?	MOST IMPORTANT NEEDS TO BE ADDRESSED?	MOST IMPORTANT ENVIRONMENTAL CONSIDERATIONS?							TxDOT Response											
						Very Closely	Somewhat Closely	Not Very Closely	Not At All	Support	Oppose	Not Sure	TV	Newspaper	Radio	Internet/Website	Library	Email	Mail	Church/Neighborhood Association			Other	Air Quality	Water Quality	Traffic Noise	Community Resources	Floodplains	Wetlands		Land Use	Other									
Dinah	Massie		Individual	SM21	11/15/11			x				x	x	x	x	x	x			The issue appears to have been dormant since 2006 or so, according to the Chronicle's blog - I'm not aware there has ever been a public outreach program. Follow the format of the US 290 outreach effort.	1. Life Safety, 2. Air Quality, 3. Noise Reduction, 4. Neighborhood Integrity/Quality of Life, 5. Mobility																				
Herminia	Mireles		Individual	SM22	11/15/11	x						x	x	x						Communication-Listen to what we want			x	x	x																
Rosa	Pena		Individual	SM23	11/15/11		x					x								Communication-Communication to the neighboring areas	Affected Areas-Affected areas & possible affected areas.		x	x	x	x	x	x													
Randy	Raimond		Individual	SM24	11/15/11	x														By being straight forward on your intentions. Have been told "nothing is going on with regards to I-45" when in fact the Draft N & P was approved by FHWA in July 2010. As result your true intentions come in to question.	Alternatives-Consider a tunnel alternative. Stay within the current right of way. What would be flooding problems without a tunnel?		x		x	x															
Susan	Raimond		Individual	SM25	11/15/11	x														Meeting Format-Public meetings with Q & A.	Disruption of improvements that have been made to First Ward.		x		x											Disruption & compromise quality of life in historic First Ward					
Joanna	Reyna-Rosario		Individual	SM26	11/15/11		x					x		x	x					Build Park n' rides to promote carpooling for a greener Houston, promote use of the METRO rail	Alternatives-Find an alternative where people's lives won't be severely affected. There are a lot of old homes where people with low incomes live...where are they supposed to live.		x	x	x	x											x				
Miguel	Rosario		Individual	SM27	11/15/11		x													Spanish-Bi-lingual you are outcasting most of the neighborhood by having this only in English	Property Value-Losing my house. Losing the value of the house.		x		x												Garbage from traffic				
Kimberly	Saldivar		Individual	SM28	11/15/12		x													Very helpful. A lot of people on hand to answer questions.	When will this project start and end?		x																		
Jan	Schaafs		Individual	SM29	11/15/12		x													Neighborhoods-Continue to invite input from neighbors.	Design-That the area be served by a highway system that reflects the best of Houston; progress, ingenuity and state of the art.																Noise is very important to me as are making the highway environmentally appealing and easy to access				
Marianne	Smith		Individual	SM30	11/15/11	x															Alternatives-Improving transportation without highway expansion. We do not need more concrete, more noise pollution, & more air pollution.																Maintaining neighborhood quality, increasing park & green space.				
Deborah	Tesar		Individual	SM31	11/15/11	x															Neighborhoods-Preserving the neighborhood. Staying in the ROW				x												Preserving parks, cemeteries & historical structures				
Long	Tran		Individual	SM32	11/15/11		x																																		
Daniela	Trevino		Individual	SM33	11/15/11	x														Communication-More announcements to everyone in the communities	Affected Areas-What specific streets they are going to remove and how long would they give us to leave our homes. (Make on Hardy)		x	x																	
Maria	Trevino		Individual	SM34	11/15/11															Communication-Mailing out more information because we were not aware of this meeting. We found out from a neighbor.	Communication-Better communication with the neighborhood.																				
Rodolfo	Trevino		Individual	SM35	11/15/11															Communication-Mailing of the information of plans & additional information	Affected Areas-Project lines, affected neighborhoods (specific streets)		x																		
David	Wilcox		Individual	SM36	11/15/11	x														Fine as is	Evacuation-The only need, to my way of thinking, is to improve evacuation during hurricanes. The problem with this answer, however, is that the I-45 corridor further north will become a bottleneck beyond the end of the project.																				
Amy	Woodward		Individual	SM37	11/15/11		x													Data-Share specifics of plan with public	Impacts-Neighborhood, Environmental, Effect on Property Values																				
Ivy	Yang		Individual	SM38	11/15/11	x														Vote-Set up a website, and ask people to vote on a few choice.	Time																				
Unknown1			Individual	SM39	11/15/11		x													Spanish-There needs to be more advertising of meetings and it needs to be provided bilingual forums as well, especially with the high amount of hispanic community affected	Communication-Opportunities for discussion through every step of the process, flooding & traffic concerns																				
Unknown2			Individual	SM40	11/15/11															Communication-By listening to what the public wants	Affected Areas-How it will effect the people																				
Unknown3			Individual	SM41	11/15/11		x													Communication-Mass emails, flyers, get on online event calendars, press releases, everything bilingual English/Spanish	Moving people around the city in a responsible and sustainable way.																				
Unknown4			Individual	SM42	11/15/11															Billboard usage.	Trucks-Dedicated lane for 18 wheeler trucks. Limit the usage of oversize trucks to get on the highway during non rush hour time.																				
Unknown5			Individual	SM43	11/15/11		x													Spanish-Have translations for Spanish speakers																					
Sandra	Puente		Individual	SM44	11/17/11	x														Meeting Format-Another public meeting should be held on a weekend.	Affected Areas-The disruption of inner city and historic neighborhoods should be kept to a minimum. Access road flooding is a major concern from Little York to Airline.																			The construction should alleviate flooding that blocks access to our neighborhood.	
Unknown1			Individual	SM45	11/17/11		x														Design-Increase mobility; Reduce congestion; plan for mass transit

# NORTH HOUSTON HIGHWAY IMPROVEMENT PROJECT

## PUBLIC SCOPING MEETING SURVEY FORM November 15 & 17, 2011

Check the appropriate answer:

1. How closely have you followed news about plans for the North Houston highway improvements?  
Very closely \_\_\_ Somewhat closely  Not very closely \_\_\_ Not at all \_\_\_
2. Overall, do you support or oppose the idea to improve highway transportation in the North Houston area?  
Support  Oppose \_\_\_ Don't know/Not sure \_\_\_

Check all that apply:

3. What is the best way to share information with your community about the North Houston Highway Improvement Project?  
TV  Newspaper  Radio \_\_\_ Internet/Website \_\_\_ Library \_\_\_ Email \_\_\_  
Postal Mail \_\_\_ Church/Neighborhood Association  Other \_\_\_\_\_

Share your ideas:

4. How do you think our public outreach program may be improved?

More transparency, more frequent updates

5. What do you believe are the most important needs to be addressed by the proposed project?

Minimizing dislocation and not overdesigning the project. Data shows 67% of the growth serves "carpetbaggers" from Greenspoint, Spring, Woodlands who ride through, to/from work not impacted by constr.

6. What environmental considerations are the most important to you? (For example: air quality, water quality, traffic noise, community resources, floodplains, wetlands, land use including public use)

Land use plus not accounting for technology advances in future vehicular transport. Planning based on projections of things as they are today and overly optimistic usage.

### OPTIONAL INFORMATION:
